verse what a low opinion he has of it. For, as Arnold said of human weaknesses generally, the form also has its root in self-conceit. It starts in trying to mount a private and personal pedestal, and ends in the foolish attempt to empty the pedestals. The humble are never pessimists. They do not get their own shadows in the way, and so do not miss feeling what is great and noble. In the *Golden Age*, the poet says, "All

HUNSLTUN BOARD OF
GUARDIANS.

A fortnightly meeting of the above Board
was held on Wednesday afternoon, at the
offices, Hunslet, Mr. J. Robb (chairman), presiding.

Present: Mr. J. Robb (chairman), Messrs. Butlerick
(vice chairman), Rev. A. J. Irvine, Rev. M. J. Dillon,
Dr. Hawkey, Messrs. Park, Edwards, Hargreaves, Wood,
Hollings, Seddon, Nield, Lawson, Green, Hawley, Houghton,
Greenwood, with the clerk (Mr. See), and
assistant clerk (Mr. Ward).

The Master reported 716 vagrants relieved,
as against 224 during the same period last
year.

CHILDREN'S HOMES COMMITTEE.
At a meeting of the above Committee it was
reported that the plumber had been engaged to
repair the pipes to the No. 5 Home, and on his recom-
mendation it was decided that the present pipes be
replaced with lead ones.

The clerk reported that the Insurance Co.
had made prompt payment of the claim of
£6.6d, to cover the damage to the Superintendent's
home during the night of the 25th.

The offer of Mr. S. Batty's, of Rothwell, for
inland linoleum for the sitting room at £4 15s
was accepted.

The Superintendent reported on the absence
of certain boys from the Rothwell National
School, during the night of the 25th.

The minutes were approved on the motion
of Mr. Edwards and Mr. Dillon.

SUBSCRIPTION TO THE LEEDS TUBERCULOSIS
ASSOCIATION.
A notice issued in the name of the Chairman
to propose a resolution re the Board's sub-
scription to the above Association, but before
the Chairman rose to propose his motion, the
Clerk gave details of accommodation, income,
and expenditure, and other particulars of the
management of the Association as furnished
by the Secretary.

The Chairman then expressed his great
pleasure in proposing that the subscription be
increased from £70 to £100 at the cost of two
pence.

Dr. Hawkey seconded at some length,
and forth the great desirability of liberally
supporting this institution. The annual cost
was increasing along with the widening scope
of the Association, a home of rest having now
been decided upon. He was convinced that the
Leeds only faced the problem of consumption
as they should, the disease in the course of a
few years would be as rare as typhus was at
the present time. Grief, however, would not
be sufficient to accommodate all the Association
would like to treat; Leeds could very well
do with ten Griefs.

Mr. Hargreaves supported and expressed the
belief that this £140 would, in a few years,
have to be considerably increased.

Mr. Butlerick and Mr. Green also spoke in
favour, the former saying that after hearing
the particulars given by the Clerk he was
favourable to the Association having more
liberal support from the Board.

The motion was then unanimously carried.
ACCTUARY.
On the recommendation of the Finance
Committee accounts were passed amounting to
£1013 10s.

WORKHOUSE VISITING COMMITTEE.
At a meeting of the above Committee, on the
report of the Departmental Committee on the
nursing of sick poor in Workhouses was con-
sidered on a reference from the Board and the
Clerk reported that Dr. Hawkey had found
himself unable to attend the meeting. It was
proposed by Mr. Seddon that the further con-
sideration of the nursing of the sick poor be
noted until such date as is convenient to
Dr. Hawkey, in which case the Clerk be
authorised to convene a special meeting.
Seconded by Mr. Hargreaves and carried unani-
mously. It was proposed by Mr. Butlerick
that the Clerk be instructed to write suitable
forms asking for further quotations and samples
of cloth. Seconded by Mr. Hollings and car-
ried. The Clerk then reported that Mr. Drage,
proposed for an increase of salary was
considered on a reference from the Board and
on the motion of Mr. Seddon, seconded by Mr.
Green, it was decided, on the recommendation
of the Board to increase the salary from £21 to
£25 per annum. The Chairman and Clerk
reported upon their visit to the Barncliffe
epileptic and farm colonies, and the Epileptic
Colony is in the nature of an experiment at
present, but that it seemed to be worthy of

encouragement, and recommended that James
Scott, 12, be sent to the Colony for a few
years, subject to a further inspection when the
place has been open 12 months. It was pro-
posed by Mr. Seddon that the report be received,
and that the recommendation be accepted and
the sanction of the Local Government Board
applied for. Seconded by Mr. Hollings and
carried unanimously. The Clerk reported that
Miss M. J. Dillon had paid the sum claimed
by the Guardians, together with costs into
court, and that he had ascertained she
accepted an appointment at Rothwell the day
after her appointment at Hunslet. The Ladies
Committee reported that most of the inmates
felt comfortable and contented.

LOTHOUSE-WITH-CARLTON
SCHOOL BOARD.

A monthly meeting of the above Board was
held on Wednesday evening, at the Robin
Hood Schools, Mr. Biddard (chairman), presiding.

Present: Mr. Biddard, Mr. G. G. Fox, Mr. H. Scott, with the clerk (Mr. Fox),
and attendance officer (Mr. Bell).

ROTHWELL NORTH WARD LIBERAL CLUB ANNUAL MEETING.

The first annual meeting was held in the
club on Monday night before a good at-
tendance of members. In the absence of Mr. W.
Lambert, the President, through ill-health,
Mr. G. Adamson presided.

Mr. J. Stead, the secretary, read the follow-
ing report in presenting to you this my
first yearly report as secretary. I feel proud to
be in a position to congratulate the members
on having now a comfortable club in which to
meet and enjoy the means of social intercourse
and rational recreation necessary for moral
improvement in our daily social life. The
rooms as you are aware, have not been made
so pleasant and comfortable as would be
desirable, such being necessary for the comfort
of members as well as requisite for conveni-
ence. Previous to your club being brought
into existence, I felt much that so
back as Sept. 1891, there was then a small
band of Liberals, about 16 in all, who were
meeting in public-houses, and who were fully
satisfied with their position. I am glad to
meet and see that their intentions were
not to remain in a public-house, but to
be a club. Liberal Associations for
years had been brought into existence but
the result of the year was not so good as
nothing less than a club with this party would
be tolerated. Thanks to the Women's Liberal
Association, we were eventually allowed to
use the rooms of the Temperance Society, and
of these premises being converted into a club.
Efforts had been made in another quarter
to secure much larger premises, and although it
may appear that the year was not so good as
before, let me say that £2,000 was offered for
Marshall Villa, but the owners refused to sell
the place, and therefore our lot here, with
the result of this old school building
being converted into a room for Liberals. I
think in my first year's report I should not
omit to mention that we have had not one
who profess Liberalism in opposition to our
club, but we have carried out a number of
clubs, and may continue to do so for many years
providing we can have full confidence and
co-operation with our members. During the
last year of our club, the number of members
has increased, and we are now at a good pace.
Our income from subscriptions
amounted to £14 7s 4d, a very satisfactory
figure. So far as the conduct of the mem-
bers, we have carried out a number of
clubs, and may continue to do so for many years
providing we can have full confidence and
co-operation with our members. During the

HUNSLWORTH BOARD OF GUARDIANS.

The fortnightly meeting of the HunslwORTH Board of Guardians was held on Wednesday afternoon at the offices at HunslwORTH, Mr. J. Butterick (chairman) presiding. The members present were Messrs. Dickinson, Messrs. J. Hargreaves, H. B. Knight, J. E. Harlow, J. Hargreaves, H. Houghton, E. Green, T. Park, W. Banks, J. P. Allison, Nield, Wood, Messrs. Edwards, Greenwood, and Rev. M. J. Dillon, with the Clerk (Mr. F. W. May), and the Assistant Clerk (Mr. Ward).

CHILDREN'S HOMES.
The Home Committee had the question of the water supply at the house under consideration, and it was decided to recommend the Board to approach the Rothwell Urban Council with a view to their receiving a deputation.

NEW WORKHOUSE. At a meeting of the New Buildings Committee a further sketch of the proposed alterations to the isolation block was submitted to the architect, and it was approved. The cost was stated to be £65, and the work is to be proceeded with at once.

A letter was received from the architect stating that the cost of gas service pipes was £16, and the sum was approved.

A letter was read from the architect inquiring if the Guardians desired handrails for the fire escape stairs outside the lunacy wards, and he forwarded an additional quotation. The letter was not entertained.

Letters were received from Messrs. J. and J. Chadworth and Messrs. Bromet and Son as to payment of rent for the pit heap on the Guardians' ground at the new workhouse, and the Clerk was instructed to demand immediate payment for rent, and in the event of the claim not being met, legal proceedings to be taken.

Nothing further was received from the Rothwell Council as to a supply of water for the new workhouse, and it was recommended that the deputation appointed to wait upon the Council as to a supply at the homes also report on this matter.

A letter was received from the Town Clerk with reference to the removal of the posts, etc., near the old workhouse, and stating that the Corporation had now done all they had undertaken to do.

Mr. Hargreaves proposed the adoption of the minutes, and stated, with regard to the escapes at the lunacy block, that they had made over to the Corporation, and that they had undertaken to do.

The following committee was appointed to wait upon the Rothwell Urban Council:—Messrs. Babb, Butterick, Hargreaves, Hawley, Edwards, and the Clerk.

HOUSE COMMITTEE.
At a meeting of the House Committee on the 26th ult. Mr. Dickinson stated, following to the meeting, that he had proposed to postpone her concert until the 11th inst. Permission was given provided no fresh cases occur in the meantime.

The House Committee had under consideration the report of the Departmental Committee on nursing in workhouses. A letter was received from the Bath Union with regard to the report and protesting against the title of qualified nurses for nurses with only twelve months' training in a Minor Training School as misleading. Mr. Seddon proposed that while waiting the report generally as embodying desirable reforms, the Committee cannot view with satisfaction the proposal to create a grade of so-called "qualified nurses" with only twelve months' training, being considered a "year's course" in that the opinion of the Committee, all probationers appointed prior to the date of any order which may be issued and who may obtain a certificate of six years' training in either a Major or a Minor Training School, ought to be classed as trained nurses; and that the Guardians be recommended to adopt these views and communicate the same to the Local Government Board and the Poor Law Union's Association. Mr. Dickinson seconded, and this was carried unanimously. It was proposed by Mr. Seddon to support the objection of the Bath Board to the distinction between qualified and trained nurses as misleading. Mr. Lawson seconded, and the resolution was carried unanimously.

Mr. Harlow proposed that the Board be recommended to refer to this committee to consider and report as to the advisability of holding a series of lectures on nursing in connection with the Infirmary Nursing Staff. Mr. Lawson seconded, and this was also agreed to.

The applications by the cook and assistant cook for increases of salary were considered on a reference from the Board. A further letter was received from the assistant cook, intimating that there was a possibility of her being transferred to the workhouse at Sheffield. Resolved that under the circumstances the consideration of both applications be deferred for a month.

Quotations and samples of cloth for suits were received from various firms. It was proposed by Mr. Hollings that the offer of Mr. T. B. Brough for 100 yards of grey treed for 30s. per yard at 3s. per yard of 37 inches be accepted. Seconded by Mr. Lawson and carried unanimously. It was proposed by Mr. Hollings that the offer of Messrs. James Hargreaves, Ltd., for 150 yards of cloth at 1s. 6d. per yard be accepted. Mr. Dickinson seconded, and this was agreed to.

A letter was received from Mr. W. Green stating that the upholstering of the Master's dining-room suite will cost £7 10s. to £8. Ordered that it be done.

AMALGAMATION.
A letter was read from the Lord Mayor in answer to a request by the Board for permission to be represented by counsel at the next meeting of the City Council when they under consideration an order was likely to be passed, considering the fact that the Guardians had been prescribed by the Act provides for an inquiry by a committee at which all interested could be represented. Such a committee had been held as inquiry, and the Guardians had been represented, and he did not think it likely the Council would accede to the Board's application.

VARIORS.
Mr. C. H. Longbridge, of the Queen's Theatre, wrote inviting the inmates of the workhouse to a performance of the pantomime at the theatre, and the invitation was cordially accepted.

On the motion of Mr. F. Houghton, the house of Minute Drags, the portress at the house, was advanced from £21 to £23.

The Finance Committee passed accounts amounting to £23 17s. 6d. and the revenue account to £27 16s. 11d., including a bank balance of £145 17s. 11d.

The Secretary's report and financial statement were adopted on the motion of Mr. B. Butler and Mr. S. Ward.

The increasing work and responsibility of the Secretary and Treasurer had been referred to the members. The Secretary's salary was increased from £26 per year to £25, and the Treasurer's from £14 to £15.

A resolution to this effect was proposed by Mr. H. Brown and seconded by Mr. Higgins.

ROTHWELL WORKING MEN'S CLUB AND INSTITUTE.

GENERAL MEETING.
On Saturday last, the second half yearly meeting of the club took place in the billiard room of the club, Mr. F. Abbot, president, being in the chair.

After approving of the minutes of the previous meeting, Mr. Fred Hargreaves, who was elected secretary on the death of Mr. Joshua Smith, submitted the report. It was, he said, with feelings of pleasure that he was able to give such a satisfactory statement of affairs. He wished first of all to congratulate the members on the fact that all the most desirable alterations to the building had been completed, and upon the members having such comfortable and well-appointed premises in which to meet and enjoy the means of social intercourse and recreation. There were few club cleaners, and their duties were kept to the convenience and comfort of its members. Since the club was formed twelve months ago they had had an expensive time in alterations, papering and painting, but they could now look forward with great expectations, seeing that no additional alterations would be for some time to come. In dealing with the accounts, he said that during the half year a net profit of £189 10s. on the trading account, in excisable, minerals, tobacco and cigars, upon which £240 10s. had been expended, was £392 19s. 3d. against £192 10s. 3d. was spent under this head, with a profit of £188 10s. 3d. The figures were practically the same. The Secretary's receipts for the half year were £392 19s. 3d. against £192 10s. 3d. an increase of £83 3s. 3d. Although the turnover was larger the profits were about the same, accounted for in a great measure by the reduction in the selling price of certain articles, a benefit, which went to the members. Another item he wished to draw attention to was that during the half year 9 months' interest on the £750 mortgage had been paid, amounting to £22 10s. and £31 6s. loans by members, with interest, the latter now standing at £608. All their out-buildings were now complete, and the club had purchased a piano, which had been very greatly appreciated, several good concerts having been given during the season.

Mr. Ward, who was elected secretary on the death of Mr. Joshua Smith, submitted the report. It was, he said, with feelings of pleasure that he was able to give such a satisfactory statement of affairs. He wished first of all to congratulate the members on the fact that all the most desirable alterations to the building had been completed, and upon the members having such comfortable and well-appointed premises in which to meet and enjoy the means of social intercourse and recreation. The figures were practically the same. The Secretary's receipts for the half year were £392 19s. 3d. against £192 10s. 3d. an increase of £83 3s. 3d. Although the turnover was larger the profits were about the same, accounted for in a great measure by the reduction in the selling price of certain articles, a benefit, which went to the members. Another item he wished to draw attention to was that during the half year 9 months' interest on the £750 mortgage had been paid, amounting to £22 10s. and £31 6s. loans by members, with interest, the latter now standing at £608. All their out-buildings were now complete, and the club had purchased a piano, which had been very greatly appreciated, several good concerts having been given during the season.

Mr. Ward, who was elected secretary on the death of Mr. Joshua Smith, submitted the report. It was, he said, with feelings of pleasure that he was able to give such a satisfactory statement of affairs. He wished first of all to congratulate the members on the fact that all the most desirable alterations to the building had been completed, and upon the members having such comfortable and well-appointed premises in which to meet and enjoy the means of social intercourse and recreation. There were few club cleaners, and their duties were kept to the convenience and comfort of its members. Since the club was formed twelve months ago they had had an expensive time in alterations, papering and painting, but they could now look forward with great expectations, seeing that no additional alterations would be for some time to come. In dealing with the accounts, he said that during the half year a net profit of £189 10s. on the trading account, in excisable, minerals, tobacco and cigars, upon which £240 10s. had been expended, was £392 19s. 3d. against £192 10s. 3d. was spent under this head, with a profit of £188 10s. 3d. PRESENTATIONS AT THE LIBERAL CLUB.

On Saturday evening last, about 40 members assembled in the Billiard room of the above Club, to witness a pleasing ceremony. Mr. Walter Lambert, the presenter, occupied the chair, and said that a pleasant duty was to perform that night. His duty was to present a beautiful marble fireplace to Mr. G. W. Blakey, his treasurer, who had attended in his duties extremely well. If every official and member carried out their duties as satisfactorily, the club would continue to be carried on in a proper manner, and their future would be more successful than their past. The recipient was well worthy of the present, seeing that no salary had been given for his services.

Mr. Blakey, in responding, said he was pleased to receive such a handsome present. He had been in office since the formation of the club and had endeavored to see every effort for the welfare of their undertaking. The Chairman next presented an 18 carat gold ring to Mr. Stead, the secretary, for the capable manner in which he had carried out the duties of his office. Mr. Stead, in responding, said his previous remarks also applied to their secretary.

Mr. Stead expressed his pleasure in accepting the gift as it placed him in a very proud position. It was the first present he had received for his services. He had been in the club since its formation, and he had endeavored to see every effort for the welfare of their undertaking. The Chairman next presented an 18 carat gold ring to Mr. Stead, the secretary, for the capable manner in which he had carried out the duties of his office. Mr. Stead, in responding, said his previous remarks also applied to their secretary.

The prizes were then distributed to the winners of the handicaps which had recently taken place. The prizes were distributed to the winners of the handicaps which had recently taken place. A vote of thanks to the Chairman was proposed by Mr. J. Stead and Mr. R. McCollum, and was warmly carried to which Mr. Lambert replied.

A HINT FROM HOLBECK.

WILL ROTHWELL TAKE IT?

There have been scores of cases like the following reported from time to time in Leeds papers. These remarkable cases furnish a hint which Rothwell people may find of infinite value.

Mr. Fleming, who has now left the army and resides at 4, North Court, Bridge Road, Holbeck, Leeds, says:—"For thirteen years I suffered from a weak back and pains in my limbs, owing to my kidneys being diseased. I attribute my trouble to the hardships and change of climate incidental to a soldier's life. When I left England I was ordered to Bermuda, which is a very hot country. From there I was sent to Halifax, New South Wales, where the cold at times was intense. I was stationed there two years and was becoming accustomed to the climate, when I was sent to Cyprus, another hot country. There I became much worse, for the intense heat affected me, and I was always on the sick list. When I left the army I became very weak. I could not keep a job for any time, because I was so often laid up. I tried all kinds of medicine, but nothing did me any good. I then began taking Doan's Backache Kidney Pills, and in a little while I felt better. I kept on with them, and I am thankful to say the pains have left me, and I am all right. I cannot find words to express my gratitude for the good these Pills have done me, and I shall always be pleased to testify to their merits, either personally or by letter."

AS ADDITION TO THE ABOVE, 1901.—"Some months ago I gave the above testimonial at Doan's Backache Kidney Pills. I am now pleased to add that the cure this medicine effected has been lasting, for I have had no sign of my old trouble returning. These Pills cured me of a serious kidney complaint that I contracted twenty years ago while in the army, and the cure has been permanent, because, since taking the Pills, which I was sent to of health, I cannot speak too highly in praise of them."

(Signed) ALBERT FLEMING.

If you are ill, write to me at my symptoms. Your letter will be treated in strictest confidence. No charge will be made; and we may be able to save you from a world of suffering.

Doan's Backache Kidney Pills are 24 and 48 box (six boxes 13s 9d). Of all chemists and druggists, or posted free, on receipt of price by the Proprietors—Foster & Clark, Co., 8, Wells St., Oxford St., London, W.

ANCIENT ORDER OF ROMANS FRIENDLY SOCIETY.

ANNUAL REUNION.

For several years past the Pride of Rothwell Senate, of the Ancient Order of Romans, have been in the habit of holding a tea and concert to meet together for social intercourse, and to diffuse the benefits of the society. This annual reunion, which took place in the Rothwell Mechanics' Hall, on Saturday night last, was held as a special way, as it celebrated the twenty first anniversary of the formation of the Senate. There was consequently a very large attendance.

The tea was provided by Mr. W. Askew, confectioner and caterer, of Carlton Lane, who placed before the numerous company a pleasing variety of edibles which gave entire satisfaction to the guests, and the tea Committee alike. Those presiding at the urns were Mr. J. Brown, Mrs. F. Hodgkinson, Mrs. D. Fox, Mrs. A. Thurlwell, Mrs. W. Sherburn, Mrs. J. Fox, Mrs. E. Wade, Mrs. J. Cooling, Mrs. L. Fowler, Mrs. G. Emmott, Mrs. W. Smith, Mrs. L. Bulmer, Mrs. G. Taylor, Mrs. J. Whitehead, Mrs. W. Ward, and Mrs. H. Ramsden.

After tea the large hall was opened up to listen to a programme of music, &c. which the Committee had gone to considerable expense in engaging some really excellent artists. The first of these was Mr. E. Embler, who was introduced as chairman by Brother A. Moss, the most excellent Senator.

The Chairman, in briefly addressing the assembly, first of all appealed to any who were not members of the Senate to join their ranks. He congratulated the Senate on attaining its twenty-first birthday, and he wished it "many happy returns of the day." He then announced that the Senate was formed, with 29 members; to play the membership was 340 (Apprentice). Such development in twenty years has considered his progress. Now, he wished to see the Senate to be a great success. The Senate would soon double its members as a proof of its energetic manhood.

During the evening the Chairman made a presentation of a copy of "Embler," a play by Brother Ben Wade, for services rendered in extending the influence of the order. Brother A. Hargreaves also presented the same member as a means as an additional acknowledgment of his services.

The concert programme opened with a pianoforte solo by the accompanist, Mr. A. Fowler. Miss Florrie Fall, the soprano vocalist, sang "The Swallows," "The dream of Home," "Miss Oliver Croshawite," the contralto, was equally effective in her pieces. "Believe it or not," "The Swallows," "The dream of Home," "Miss Oliver Croshawite," the contralto, was equally effective in her pieces.

NEGLECTING HIS FAMILY.

STOUTON MAN SENT TO PRISON FOR A MONTH.

At the Leeds Police Court, on Saturday afternoon, before Mr. P. R. Spark and Mr. John Kirk, sitting in the Lawrence Manning (30), formerly of Wakefield Street, Stouton, appeared in answer to a charge of neglecting his wife and two children.

Mr. J. W. O'Neill, the prosecutor, conducted the case on behalf of the Hunslet Board of Guardians. Sergeant Wright, stationed at Stouton, stated that about the beginning of last year he was called to the defendant's house on account of defendant's brutal conduct to his wife. "The wife," said witness, was a living skeleton, who could scarcely be seen through her skin. "I never saw anything living so thin in my life." During the long time witness had known the defendant he could not say that he had ever seen him so thin, but he was a living skeleton. The wife, in reply to a question as to whether there was any food in the house, said: "Not a particle of anything."

EDITOR'S LETTER BOX

That poor historic institution, the Stourton Raters' Association, (for we informed them in our last issue that it has celebrated its twenty-third year of existence), has exercised an influence upon local public questions from time to time which in itself has justified the ratemasters in thus amalgamating themselves by uniting to protect their interests. It always makes itself felt at election time, and if any other party desires a certain course of action the position of the Association of Raters has to be considered. In Councillor Turnbull, who by the way retires this year as a District Councillor, the Association has a strong advocate, and the district of Stourton itself one of the most influential members it has been its fortune to secure for many years at the risk of being dubbed with making rash statements and stepping perhaps a little beyond the limitations of actual fact, he pertinently brings to prominence the most pressing questions calling for reform in that "unfortunate little corner" near the city boundary.

I hardly agree with his remarks about the bias of the Rothwell Council and its Medical Officer, nor with the efficiency he assumes in regard to the relative position of the two public schools. So far as I am able to judge from the Inspector's reports one school is as proficient as the other, and earns as much money, the reason for the amount of the Stourton grant being higher than Rothwell being only that at Stourton there are a larger number of children in attendance.

I have heard it stated that Cr. Turnbull's family cannot successfully resist the many menaces to health which surround their residence at Stourton, and that their account Mr. Turnbull contemplates seeking more salubrious surroundings. If that be so many will hope that he may not go so far as to be unable to keep in touch with his old associates, or find it necessary to vacate his seat as a representative on the Rothwell Council. He has made more impression on the Council than any other Stourton representative has been able to do for years, and is just such a mouthpiece as the Stourton ratemasters have required for a long time.

There are rumours and forebodings again of the intentions of Leeds with regard to the extension of the city boundary northwards. That all-evil and enterprising public official at the Town Hall—the Town Clerk, has evidently his programme drawn up, included in which are several schemes which some old established local public bodies do not relish. If he has set his mind on the city district extending eastwards it will have to be some formidable obstacle which will keep his hands off Stourton: in fact some people say they would not be surprised if most of Rothwell proper was sought to be merged in and made a part of the great city of Leeds. It is a curious opinion, and cannot be expressed until we know more about the exact proposals of the Leeds authority.

The letter from a "Churchgoer" in your last issue, draws attention to behaviour meted out to strangers at our Parish Church, about which other occasional church-goers have before now had reason to complain. I understand the pews in the church are not "rented" as in some places, but that they are "appropriated" by regular attenders, and that these people are not prepared to let their accommodation. Even that being so, if what is stated in the letter referred to be true, there appears to have been gross discourtesy shown to the visitors to the church. Some poor specimens of a Christian who will not give way to a stranger wanting to hear the Word of God. A great deal has recently been said and written in regard to the decline of the church, and the reason for this is not far to seek if such practices as referred to obtain in the majority of our preaching places. It may take many sermons to eradicate the impression made upon the visitors to our Parish Church by the high-handed conduct of those who seek to monopolise certain positions in God's House, for after all actions speak louder than words, and those who are expected to do as they say, and not as they do, are doing much to call up its remembrance with feelings by no means too friendly.

ACCIDENT TO A ROTHWELL CARRIER

On Monday last, an accident happened to Alfred Birch, carrier of Rothwell, as he was following his usual employment in Leeds. He was manipulating some boxes when by some means or other he stepped and fell down a number of steps. He was taken to the Leeds General Infirmary, suffering from injuries to his head; he is now progressing favourably towards recovering.

DISTRICT COUNCIL ELECTION.

At a general meeting of the Rothwell branch of the Yorkshire Miners' Association, held a week or two ago, it was decided to invite Mr. Wm. Lunn Junr. to be a candidate for the South Ward. We understand that he had consented to do so as a Trade Unionist and Labour candidate.

The Southern Miners branch have also passed a resolution to support his candidature and work for his election.

We also hear that Mr. Joseph Read, the retiring member, and Mr. Hargreaves, are probable candidates for the South Ward. In the North Ward, Mr. A. W. Seaton, the retiring candidate, intends offering himself for re-election. Mr. F. E. Abshaw, Mr. B. McCullough and Mr. G. W. White are mentioned as likely to be adopted as candidates by public bodies having influence in the Ward.

BESTON HILL PARISH CHURCH v. OULTON.

In the second round of the West Yorkshire Cup, Oulton paid a visit to the breezy heights of Beston Hill on Saturday, to encounter the local Parish Church team. Neither side were at full strength, the Ouls being minus Holmes, the vacancy being filled by a strapping of the name of Beck out of the second team. Berry was absent from the home team. C. Robinson occupying the breach. There was only a very slight advantage when J. W. Robinson kicked off for the home team from the town end, who were the first to attack. Oulton took the advantage of a strong breeze soon retreating, when Edward was the good and nice centre, but only to find his side pulled up for a charge on one of the home backs. Beston got relief from the free kick, and securing a favourable position, Robinson tricked Oulton, but missed a clear chance, the shot going out wide. Oulton next had a free kick; Bridges kicked wide. Beston now kept up a long pressure, and Bradley was called upon several times to clear the ball. Robinson, in the corner, which was eventually cleared. Bridges, with a long kicking transferred play into the home half, when through a misunderstanding of the referee's whistle, Oulton went to the work in front of goal with a very erratic and no score accrued. Oulton had a corner, which Ward kicked over the wall out of the field, but it was quickly cleared by a free kick, and another unsuccessful corner. From another free kick, Parkinson set the ball out and it being quickly returned he just succeeded in tipping the ball over the Oulton end now two or three attempts to lower the home citadel, but on every occasion failed to hit the goal. The brothers Robinson got the ball into the net, but it was quickly checked by Mirfin. Murland initiated a nice passing movement, transferred to Ward, the latter giving a nice short pass to Wright who easily sent the ball with a ground shot. From the centre kick Oulton became dangerous, and Ward had a nice opening but headed the ball the wrong way. Oulton had a corner which was well placed by Edwards, but only to find Beston clearing over the half-way. Mrs. Beston had a turn of attacking when Bridges came to the rescue finally. The ball was over into the roadway when half-time was called. The first half ended with a 1-0 score, Oulton started, and after a short attack the home team came down the left wing when Mirfin failing to clear properly, J. W. Robinson lowered the ball into the net, but it was quickly cleared by Mirfin. The second half started with a minute of the restart. There are rumours and forebodings again of the intentions of Leeds with regard to the extension of the city boundary northwards. That all-evil and enterprising public official at the Town Hall—the Town Clerk, has evidently his programme drawn up, included in which are several schemes which some old established local public bodies do not relish. If he has set his mind on the city district extending eastwards it will have to be some formidable obstacle which will keep his hands off Stourton: in fact some people say they would not be surprised if most of Rothwell proper was sought to be merged in and made a part of the great city of Leeds. It is a curious opinion, and cannot be expressed until we know more about the exact proposals of the Leeds authority.

The letter from a "Churchgoer" in your last issue, draws attention to behaviour meted out to strangers at our Parish Church, about which other occasional church-goers have before now had reason to complain. I understand the pews in the church are not "rented" as in some places, but that they are "appropriated" by regular attenders, and that these people are not prepared to let their accommodation. Even that being so, if what is stated in the letter referred to be true, there appears to have been gross discourtesy shown to the visitors to the church. Some poor specimens of a Christian who will not give way to a stranger wanting to hear the Word of God. A great deal has recently been said and written in regard to the decline of the church, and the reason for this is not far to seek if such practices as referred to obtain in the majority of our preaching places. It may take many sermons to eradicate the impression made upon the visitors to our Parish Church by the high-handed conduct of those who seek to monopolise certain positions in God's House, for after all actions speak louder than words, and those who are expected to do as they say, and not as they do, are doing much to call up its remembrance with feelings by no means too friendly.

STOURTON UNITED v. LEEDS BELLE VUE.

Played at Stourton on Saturday last. Richardson kicked off for Stourton against a strong breeze. Belle Vue had a free kick for hands, but it was cleared by Stourton. Stourton corner, Eversed put through for Belle Vue. Soon after Baldwin changed in a stinger. Walmsley replied for Stourton a minute later. Belle Vue again retaliated with one from Read. Half-time score—Belle Vue 3 goals Stourton United 1 goal. In the second half, Walmsley, Hayes, and Lunn each scored for Stourton, putting them ahead. Result—Stourton United 4 goals Belle Vue 3 goals.

LOTHSWORTH PARISH CHURCH v. BOT TOMBOAT.

Played at Bottomboat on Saturday. Jet Hirst and Kilburn scored for Lothsworth in the first half, but nothing came of it. From a kick against the Lothsworth custodian, Half-time Lothsworth 2 Bottomboat 1. On the restart, Bottomboat scored early on, and the game became very keen and stirred up eventually after a free run by Frank Dobson. Kilburn put the Parish side in front. Result: Lothsworth P. O. 3 goals to Bottomboat 2 goals. Hayland and Fisher, the Lothsworth backs, played a fine game in the second half, the goal being maintained by their great reputation. He would be an acquisition to many of the West Yorkshire League Clubs.

ROTHWELL WORKING MAN'S CLUB.

The members of the above held their annual meeting in the Oulton Lane billiard room last evening, when about 30 members were present. The Vice owing to ill health was unable to be present, and the chair was occupied by Mr. L. B. Asquith.

The minutes of the last general meeting, the secretary report and financial statement were adopted.

The following report prepared by the secretary, Mr. J. H. Drew, was submitted to the meeting. It gives us a general picture of the club as it stands at the year just ended. In the first place I must thank the members for their support in rallying together to defeat the movement little over twelve months ago, to disband our club. We had to fight strong opposition and it was only after a ballot had been taken that we were able to continue as in the past. Thanks to our president, Rev. W. Pierson, Mr. Wm. Ellis, Mr. B. L. Asquith, and a strong committee, we overcame all difficulties and can look back on a most successful year. We commenced with a balance in the sheet just issued, which we have put into the bank during the year 219 10s. 0d., which gives a clear picture of our progress. I will leave it to Messrs Ellis and Asquith to give you the information as to how such a creditable balance can be shown. I am sure it reflects great credit on these two gentlemen, who we stand in such a good position to do. Can any other club in the village (whether political or otherwise) show such a creditable balance sheet? It will be interesting to members to know that we have a larger membership to-day, than when some of our members left and took up another club in the village. During the year we have had three billiard handicappers, who were respectively Mr. J. W. Pierson, Mr. Wm. Ellis, and Mr. Wm. Ellis. The billiard board has been re-covered at a cost of 50s. 0d., and the premises are in thorough repair. The dress of the club is in the course this will mean of reduction in the income, but I think it will be welcomed by all members. There are other alterations in the rules suggested, which should meet with support from the members. There have been 10 meetings of the committee and the members have attended as follows—Messrs G. Fowler and Walter Fox 10 each, J. H. Drew and B. L. Asquith 9 each, Mr. Wm. Ellis 8 each, Hargreaves 7, E. Taylor 6, Rev. W. Pierson and H. Wormald 5 each, Rev. E. James, J. Atack and Tom Hirst 3 each, H. Wormald 1 each, and the balance of the members 1 each. In support, but I have decided that through other business I shall not again consent to act as secretary, but in other ways I will do all in my power to assist in any way which will further the interests of the club as far as I am in such a flourishing condition as it is at present. I am sure that in Mr. A. Tiffany, my successor, you will find an excellent worker, and one who will be able to do all in his power to assist in any way which will further the interests of the club as far as I am in such a flourishing condition as it is at present. 1. _____

We seem to be having a long spell of wet and stormy Saturdays, which, if continued much longer, will spoil the gates at our local football fixtures to a similar extent as the notorious days of last summer interfered with cricket games and caused many matches to be altogether abandoned. Rain, however, does not prevent the football fixtures being decided. It interferes with the players' comfort certainly, but this he must endure. It is at the spectator's option, however, whether he will leave a comfortable home and a warm fire to encourage his pets by his presence. It was

hurricane of rain which blew across the Oulton Green on Saturday afternoon last, when the re-played tie with Beeston Hill Parish Church in the West Yorkshire Cup Competition was played, and one was surprised almost that there should be any spectators present at all on such a day. Like some of the players, however, it appears some of the Oulton spectators are dauntless, and braved the relentless elements for a full hour and a half with their

more protection than that in which they would appear at a summer cricket match. The visitors kicked off against a strong wind and driving rain, defending the Methley goal. Oulton took up the attack, and it was none too long before A. Holmes scored for Oulton's defence after heavy pressure on the visitors' defence. Beck, the new Oulton left wing man put in some conspicuous play and smart work, as a result of which Wright eventually secured a goal. Oulton took a shot which counted the home team's

second goal. Shortly before half-time the visitors' players had to retire for awhile owing to rain. The game was not resumed until 10.15, and with 10 minutes to go the visitors had scored no further goals—Oulton 2, Beeston 11. Wright resumed on starting the second half, and it was thought that the home team would be able at any rate to keep their lead, seeing that the visitors had had to exert themselves in the first half. But the visitors were never followed up by their opponents. They, however, were not content with their lead, and the defence of the first half by determined aggressive movements, which at last were worthily rewarded by a goal. The visitors continued to keep up pressure and succeeded again in scoring, and thus drawing equal with their opponents. The second half ended with the score both Oulton spectators 10 minutes or so before the end of the match. The visitors' uneasy left Beeston should score the winning point, but the whistle blew on a drawn game, and the two goals each—the second draw in the contest by these equally match elvens.

A typical cup-game was fought at Upper Armly yesterday afternoon between these old rivals, who met for the third time in the West Yorkshire Cup competition, the two previous meetings having resulted in draws with the scores at one goal and goal each. The game today had the best of the opening exchanges, a forward rush, led by Jack Robinson, taking place soon to the Outlons goal. Mirfin and Butterfield, who were in the middle of the defensive line attack, clearing in during final minutes hot shots. Wenman and Holmes initiated passing movements for Outlon, but the opposition quickly supplied a check, and play, which was now largely of the nature of a counter order, was soon again in the Outlon goalmouth where J. Robinson eventually headed in from a short pass to the Outlon forwards, by dint of starting footwork, and a well timed shot, in the position, in the Beeston half, but their efforts failed fruitless, and the opposing right wing racing away. Heat was enabled to score the first goal for Beeston, by a well timed shot, arrived with the score—Beeston Hill 2 goals, Outlon none. Resuming, Outlon rallied, and smashed the Beeston goal with a well timed shot, but their efforts proved fruitless. Beeston then, in their turn, scored a goal, Enoch saving a keen shot from the Beeston half. They returned to the charge, however, with renewed vigour, and, a corner scoring, Holmes headed in from a splendid centre kick. The Beeston forwards, who were in the middle of the attack, were a little combination displayed, and their goal was subsequently well tested by the Outlon men, who, despite desperate efforts, failed to score. The final result was a goal for Beeston Hill Parish Church, two goals for Outlon one goal.

LOTHOUSE PARISH CHURCH v LEEDS WHITEHALL.
 Played at Geldard Road on Saturday. The home team had the wind and rain in the faces during the first portion, and Louthouse soon demonstrated their superiority. S. Hoyland missed an easy chance, but Orlay shortly afterwards made no mistake. Kilbarran shot immediately after, and the home full back leaped through his own goal. Fisher was taxed to score, after B. Hoyland had missed a good one. Half-time.—Louthouse 3 goals, Leeds 1 goal. The half was noteworthy for the fine kicking of S. Fisher and B. Hoyland, the visiting full backs, and for good dribbles by Gill and Dobson. From a centre the former, Flarry Dixon scored. Result.—Louthouse Parish church 4 goals Whitehall 11.

HINTS FOR THE HOME

A SIMPLE WATER TEST.
All methods of purification of water are based on the need for purity in the water supply. A simple test, easily tried by anyone, is given in a scientific paper as safe and efficient. Draw a tumbler of water from the uncertain well or tap, and let it stand in a lump sugar, and let it stand overnight in a room where the temperature will not be under 60 deg. Fahrenheit. In the morning, the water will be perfectly clear; if contaminated by sewage or other impurities the water will be milky.

CLEANING AND CURING FEATHERS.
White or coloured feathers can be washed in basins without loss of colour. The feathers should be swung in air until dry. Another plan for white feathers is to wash them in warm water and by lightly beating each feather against the hand near the fire. Hair trimmed with feathers should be kept in a handkerchief, and put them in a tightly-sealed box with pieces of camphor. To cure petticoat feathers, have a stiff knife, with the top edge of the blade bent over, and hold your feather over the fire, but not sufficiently near to scorch it, shaking it gently with your hand. Then hold the feather in the left hand, place the blade of the knife between the feather and the hand, and draw it slowly, curving the end only. If feathers are damp and sticky, they may be dried by holding the tail over the fire and waving the tail until dry, then place in a cool room for the feathers to stiffen. If feathers are stained by a knife held near a hot fire, the heat makes the feathers curl more, but the blue or black stain in which white feathers are washed improves the colour.

DON'T COUGH.
Constant coughing is a sure sign of something wrong on the outside of the body. So long as it is done the cough will not heal. Let a person when tempted to cough draw a long breath and hold some benefit will soon be received from this process. The cough, when it is a sign of something wrong, is a warning, and the person, by the same time, the desire to cough, and giving the throat and lungs a rest, and the cough will be a suitable measure will aid nature in her effort to recuperate.

INTELLIGENCE IN THE KITCHEN.
So much of the comfort, health, and well-being of the family are dependent upon the character and ability of the cook that scarcely too much forethought and discretion can be exercised in her selection, choice only being permitted to rest with respectability, intelligence, and a willing nature. A view with a former mistress after a careful interview is worthy of much consideration as regards this trait, who to some extent, is the person who is responsible, recognizing that frugality will find a valuable guide in the kitchen. The woman appreciative of the meaning of thrift and ready to do her duty, is expected to realize something of her own value, and to be a person of a sort so servant than a slave, and to be one whose manifold ignorance will be a source of embarrassment upon her mind any ideas or principles of practical, intelligent economy.

POINTS ON THE CARE OF THE HAIR.
Don't wash the hair too often. Let it have plenty of fresh air. Don't use a lot of washes and lotions you know nothing about. Choose a good shampoo. Nothing will improve it quicker than careful and vigorous shampooing.

DANGERS OF KISSING.
Parents should never allow their children to be kissed by strangers, especially adults, and children should be prohibited from kissing. The kiss is a dangerous, or the epidemic form of catarrh fever, is undoubtedly transferred from one child to another by the contact of the mouth. The kiss is a dangerous, or the epidemic form of catarrh fever, is undoubtedly transferred from one child to another by the contact of the mouth.

FLASHING THE SINK.
All pipes in lavatories, sinks, &c., should be thoroughly flushed once a week with a couple of gallons of boiling water. It is also a good plan, and not a troublesome one, to clean out pipes as far as possible with a thick wire having a swab of cotton wool attached to the end. The swab, when in use, should be changed frequently. The swab, when in use, should be changed frequently.

FOR HEARTBURN.
For heartburn occasioned by acidity of the stomach the best remedy is bicarbonate of soda. The best is bicarbonate of soda. The best is bicarbonate of soda. The best is bicarbonate of soda.

A MOTHER'S RESPONSIBILITY.
Often a mother must stand aside and let her children alone to work out their own destiny. But to a certain extent she is responsible for them, and cannot avoid her responsibility. No mother should allow her daughter to drift into an undesirable friendship which may ripen into love, and may affect an active life. No mother should allow her daughter to drift into an undesirable friendship which may ripen into love, and may affect an active life.

NICE DISHES.
HAM TROT is always appreciated at breakfast as a savoury, and is prepared as follows: Grate some cold boiled ham, cut it well, and beat it with a little butter, stirring it with a fork. Season with salt, pepper, and a dash of mustard. Try some of the mixture, and if it is not to the taste, add a little more salt, pepper, and mustard. The mixture should be thick and creamy, and should be served with a teaspoonful of brandy, will act effectively.

FOOTBALL.

ROTHWELL WHITE STAR V. LOFT-HOUSE PARISH CHURCH.

The above teams have played a drawn game the previous week for the position of premier honour in the B division of the Leeds and District Union League, again met on the White Horse enclosure on Saturday afternoon, but for a good attendance of spectators. Rothwell won the toss. Loft-house kicked off and were the first to press. Boys relieving with a high kick into his opponent's goal. Loft-house kicked off and were the first to press. THE TRAIN SERVICE TO ROTHWELL.
Promises of a passenger service of trains between Leeds and Rothwell have been so often made, and the date at which the boon for off-side. Play now being keen, the ball quickly travelling up and down the field, Taylor eventually putting behind. Loft-house next forced matters, Boys defending stubbornly, while Loft-house kept hammering at the goal, but they failed to score. The game ended in a draw.

ROTHWELL WHITE STAR V. FRYSTON RESERVES.
Cameron Trinity having defeated Fryston on Saturday last, the above clubs met at Oulton on Wednesday evening, to fight out for a place in the final of the Shield Competition. Star kicked off against the breeze, Fryston being the first to assume the aggressive. Round had a shot which Smiles returned. Boys relieving with a high kick into his opponent's goal.

IT SOON REACHED ROTHWELL.
The good news travels fast, and when it was known in Leeds, that some were told in Rothwell. Fryston, of 12, Third Avenue, West, Leeds, says: "Although a year has passed since I was cured of kidney complaint by Don's Backache Kidney Pills, I am still the same. Don's Pills made a new woman of me, and I am now able to say this since taking the pills I had no return of my complaint. I am strongly commended Don's Pills to all who suffer as I did. (Signed) Mr. Wright."

REFUSING TO QUIT.
A Lothianer named Richard Ramage, was on Monday at Wakefield, charged with refusing to quit the Waggon and Horse Inn, at the former place. There was also charge of being drunk. On the first charge he was fined 10 shillings, and on the second 10 shillings.

SOMETHING FOR YOUNG FOLKS.
HOW SEA BIRDS QUENCH THEIR THIRST.
The question is often asked, "Where do sea birds find fresh water to quench their thirst?" But it is a very simple matter, and the answer is, they find it in the sea. The sea birds find fresh water to quench their thirst in the sea. The sea birds find fresh water to quench their thirst in the sea.

GRANDMA'S PICKET-GUARD.

**ROTHWELL DISTRICT
COUNCIL.**

A monthly meeting of the above Council
was held on Wednesday night last, at the
Council Office, 21, Commercial Street, Roth-
well. Present: Mr. J. H. Hargreaves, J.P. (chair-
man), Mr. J. W. Henshaw, J.P., Mr. W. L. B. B. B.
T. R. Smith, (vice-chairman), W. Lunn, G. W.
Blakey, G. Armitage, B. Taylor, J. Abshire,
Mr. Hargreaves, P. O. Milner, T. Smith, Esq.,
Dobson, J. W. Henshaw, Esq., J. W. B. B.
mer, with the clerk (Mr. Dodgson), medical
officer (Dr. Stevenson), surveyor, (Mr. Pease),
sanitary inspector, (Mr. Moorhouse), and collectors
(Messrs. A. and B. Marshall).

SANITARY MATTERS.
At a meeting of the Sanitary Committee
Mr. Walter Hargreaves was empowered to negotiate
with the Corporation Works Co. for the
purchase of land required for the Stourton
sewerage scheme. The owners of the Robin
Dale Cote works were to be asked if they
would let the Committee see their chemical
works on ammonia liquor, and also ask them
as to what they propose doing with regard to
treatment. The Surveyor gave particulars as
to extensions of sewers likely to be required
during the next two months, 300 yards being his
estimate. It was agreed that 80 yards of sewer-
ing at Lee Moor be done by the Council's
workmen.

The minutes were approved on the motion
of Mr. Abshire.

HEALTH REPORT.
The Medical Officer reported 40 births during
the month of April. Four cases of infectious
disease had been notified, 2 of scarlet fever,
one of typhoid and one of diphtheria. The Inspector reported ten nuis-
ances abated, and new up to date sanitary
conveniences had been erected at the Carlton
Board Schools, that 8 canal boats had been
inspected and found satisfactory, and that the
slaughter houses of the district had also been
visited and found to comply with the regulations.

ROADS.
The above Committee visited and inspected
the roads of the district, and agreed that Messrs
G. Armitage & Sons be asked to proceed with
the boundary wall opposite their new houses at
Rothwell, agreed to be erected some time ago, and
provide storm water drain in place of old
drain which had been filled up. Several
lengths of kerbing and channelling were agreed
to at Thorpe, as also the kerbing and channelling
of the footpath at the top of the Midland Railway
Lane on the side of the new property. Several
alleged encroachments were discussed and left
over for further consideration. The West
Riding County Council was to be notified of
the alleged encroachments in Louthes Hill
and asked to exercise their power. The sur-
veyor was instructed to get out cost of laying
new storm water drain in Wood Lane. In
future, plans for buildings to be erected on the
sides of the highways are to be submitted to
the Highway Committee, as well as to the
Building Committee. Inquiry was to be made
as to the intention of the Midland Railway Co.
with respect to the road leading from the
Postoffice Road and under the Midland siding.
The bridge already of considerable
length and the sittings are being very greatly
extended.

Mr. Taylor proposed the confirmation of
the minutes.

Mr. Milner said he thought the statement
made at last meeting with regard to the cost of
flagging and road repair in the Louthes and
Thorpe ward was very misleading. The figures
for flagging covered a period of six years and
those for road repairs only one year—about the
heaviest since the amalgamation.

The Chairman: I don't think so.
Mr. Milner: I should like to see where the
750 yards of flag have been laid.

The Chairman remarked that at last meeting
the members were told that the flagging was
done, and that the information required by Mr. Milner
should be duly furnished.

The Chairman, referring to the boundary
wall at Thorpe, said that the Committee had
Angrave & Sons, and the Committee found that
premises in a disgraceful state, the buildings
being surrounded by water, and no attempt
having been made to drain it away.

Mr. G. Armitage said he was not aware of
any dwelling house at Thorpe being surrounded
by water; those in question were certainly
surrounded by low land; there was some water
near the wall, but it was not deep. As to
the impression that the Council some time
ago agreed to put in a drain across the road
and into the quarry, as the water could not
be run into the sewer or the back at the bot-
tom.

Mr. Dobson asked if the Committee had
had already four times too much to deal with
the question. There was in that halet about
200 continuous yards of houses along the
road side, but no channelling whatever. He
thought any mention in the minutes of any
intention to do anything in that locality.
Another matter requiring attention there was
the water which came on the hill going up
from Carlton, and which in winter time there
was a great deal of water coming down the
hill, and forming on the road several inches
thick. A few four inch laid tiles would
obviate the nuisance. The water could either
be run into the sewer or the back at the bot-
tom.

Mr. Abshire hoped there would be no
more surface water put into the sewers, as they
were already full.

Mr. Balmer asked if the Committee had
taken into consideration the improvement of
the road at the top of the Paddock steps.

The Chairman: It is a matter the Highway
Committee have had in view some time, but
instead of taking part of the banking off the
road, they have been content to take a strip
off the shoulder on the east side.

Mr. Taylor: We have been waiting for
the electric cars.

Mr. Blakey was glad to hear something was
going to be done at Rothwell High in the
way of kerbing, and he would like to know if
something too could not be done on the Old
Road, where new property had been built.

The Chairman: There was a question of
the surface water in that district at present
under consideration, and that the Committee
were also considering the advisability of
laying late for the water.

Act in the streets referred to, which would also
bring forward the kerbing in the Old Road.

FINANCE.
At a meeting of the Education Committee
it had been decided that the Isolation Hospital
precept for £225 be paid. Mr. A. Marshall
reported the receipt of £4 10s 6d on rates etc.

The Clerk had received from the West Riding
County Council, £729.

Mr. G. Armitage in proposing that a general
district rate of 1s 6d in the £ be laid for the
current half year, said the members of the
Council could not vote themselves that they
were able to carry on the work in the
district without increasing the rate. The bal-
ance in the hands of the Treasurer was prac-
tically the same as a year ago, £2150, and the
estimate varied very little. The net expendi-
ture was estimated at £7854, and a rate of 1s 6d
would realise £7870, so that they anticipated
having about the same year as was at present in
hand. The assessable value of the district was
£55,256 12s 3d, an increase of £1716.

Mr. Taylor seconded, and the motion was
carried.

NEW BUILDINGS.
On the recommendation of the Building
Committee the plans of Mr. Goldthorpe, for a
new school at the top of the Paddock steps
were approved, as also for 3 houses in
Queen Street, Carlton, by Mr. Shindler;
fourly the Carlton House, by Mr. W. Har-
grave; and for house and shop in Commer-
cial Street by Mr. P. H. Newnome; the atten-
tion of Mr. Redmond, of Ouswell Green, was
called to the fact that the Education Com-
mittee had decided to make one
of Ouswell Green into two, without
first having plans of the alteration approved.
Mr. C. Ineson's plan for an out-building was
rejected. Mr. T. Armitage's attention was
called to the fact that the building by-laws
were not being observed by the contractor
by erecting a building opposite Bright Eyes
Row, without first submitting plans.

WATER SUPPLY.
It was reported to the Waterworks Com-
mittee that the Surveyor had inspected the water
supply to the Children's Homes and reported
the flushing arrangements at the No 5 Home
fairly. The average daily consumption was
reported at 294,000 gallons against 290,000
during the previous month. The Committee
recommended the construction of a new
reservoir at Rothwell High to hold 500,000
gallons.

On the minutes being proposed for confirma-
tion Mr. Lunn said he believed in a good supply
of water being secured for the district, and he
was persuaded there was not one at the present
time. He proposed as an amendment, as he had
done in Committee, that the Council purchase
the field adjoining the present reservoir, and
that a reservoir of one million gallons be built
instead of one of 300,000.

Mr. Balmer seconded the amendment.

Mr. Walter Hargreaves pointed out that
Rothwell was being put upon its own feet
reservoirs, the storage for Rothwell being in
the hands of the Leeds authority.

Mr. Abshire asked if the Committee had
had any question on the question of a
reservoir for Louthes, as it had been talked
of putting up a tank in that village where
there was frequent complaining of being short.

Mr. Balmer said he was not sure the Leeds
carried Messrs Lunn and Balmer voting for
the amendment.

LAMPS AND GAS.
At a meeting of the above Committee, a
deputation was appointed to see the Leeds
authorities with a view to a reduction of the
price of Stourton gas.

THE NEW EDUCATION ACT.
Pending notice, Mr. Lunn proposed that
the Council make application to the County
Council for the privilege of nominating the

public managers of the provided and pro-
vided schools within the Council's area. The
Act he said abolished the 140 School Boards
in the Riding and 40 School Attendance
Committees, and placed the control of the
Education of over a million scholars. He
thought the District Councils were the right
bodies to have power to nominate these repre-
sentatives of the Council.

Mr. Abshire seconded the motion, which
after discussion, was carried.

The Clerk also read several communications
of the members of the Council, among which was
the scheme for establishing the West Riding
Education Committee. This document said:

At a meeting of the County Council of
the West Riding of Yorkshire, held in the
County Hall, Wakefield, on Wednesday, the
13th day of May, 1903, Present: County
Alderman C. O. Milnes Gaskell, chairman,
and other Members.

Resolved—That the undersigned Scheme
be adopted and made for the establishment
of the Education Committee of the County
Council of the West Riding of Yorkshire,
pursuant to the Education Act, 1902, and that
the common seal be affixed to such Scheme
and to a duplicate thereof.

The Education Committee to be ap-
pointed under this Scheme shall consist of the
Chairman and Vice-Chairman of the County
Council of the West Riding of Yorkshire
(hereinafter referred to as the County Council)
and the Chairman of the West Riding Finance
Committee, who shall be ex-officio members,
36 persons to be elected from among members
of the County Council, and 9 other persons
(including 3 women) experienced in different
kinds of education, who at the time of their
election are not members of the County Council.

The members of the Education Committee
elected from among the Members of the
County Council are herein referred to as
"representative members," and the members
elected from outside the County Council are
herein referred to as "added members."

2. Not more than 6 of the representative
members shall be elected from the County
Council in respect of which there are
separate Education Authorities for the pur-
poses of Part III. of the Education Act, 1902.

3. The members of the Education Com-
mittee shall be elected in the following
manner:—The members of the Education
Committee shall be elected in the following
types and kinds of Education are
always represented either among the repre-
sentative members or the added members, viz:—
University Education.

Secondary education for boys and girls;
Technical and commercial education having
special regard to the industries of the West
Riding of Yorkshire.

Elementary Education in Schools provided
by the Education Authority and in Schools
not so provided.

The members of the Education Com-
mittee, other than the ex-officio members, shall
be appointed annually at the Meeting of the
County Council in the month of March. The
ex-officio members shall hold office until their
successors are elected.

The other members of the Committee shall hold
office until the ordinary day of election of the
Chairman of the County Council; provided
that the year of the term of office of the
County Councilors all the members of the
Education Committee shall go out of office on
the ordinary day of retirement of County
Councilors in office are appointed, and the
members of the Education Committee first to be
appointed shall be appointed as soon as con-
veniently may be after the sanction of this
Scheme.

4. Vacancies in the Committee shall be
filled up in accordance with the rules to be
made by the County Council.

The first meeting of the Education Com-
mittee shall be held on a day to be fixed
by the Chairman of the County Council.

A communication was also read from the
West Riding Technical Instruction Com-
mittee, containing suggestions put forward by
County Alderman Anderson at a conference of
Urban District Councils, in reference to the
position and duties which might be assumed
by the Council in relation to the Education
Act 1902. Taking the case of
Urban Districts with population of 10,000 or
over, it is suggested that the District Council
establish a Sub-Committee of the Council
for the purpose of dealing with Education other
than elementary. To form this Committee the
District Council should be required to submit to
the Board of Education a scheme of the com-
position and duties of the Sub-Committee, and
the appointment by the District Council of a
majority of the Committee from amongst its
own members. If a District Education Com-
mittee be formed it seems practicable for the
members of the Committee to be constituted:
1st, a body of Managers of providential schools
in the District under the provisions of a grouping
order, by the County Council and District
Council uniting to each appoint their share of
managers from this Committee. Secondly, The
District Education Committee might be
constituted a Sub-Committee of the County
Education Committee for certain purposes
including the visiting of non-provided schools.

Thirdly: Both the County and District
Councils might appoint members to the
District. No pledge is given that the County
Council will invest District Committees with
the duties here indicated, but it is suggested
that District Councils desiring to formulate
a scheme, which scheme might be provided for
the duration of the Technical Instruction Com-
mittee.

MISCELLANEOUS.
Mr. Balmer gave notice of a proposal at next
meeting that Mr. J. H. Drew's wages be in-
creased to 21 per cent.

Sixteen applications came before the Council
for the purpose of working under the Council
and Mr. Lunn proposed: "That a special Com-
mittee be appointed to take into consideration
whether it is possible to find work in anyway
for people who are unemployed in this dis-
trict."

The motion, on being put to the meeting was
lost, being lost by the Committee to make
what arrangements it might.

On the minutes being proposed for confirma-
tion Mr. Lunn said he believed in a good supply
of water being secured for the district, and he
was persuaded there was not one at the present
time. He proposed as an amendment, as he had
done in Committee, that the Council purchase
the field adjoining the present reservoir, and
that a reservoir of one million gallons be built
instead of one of 300,000.

Mr. Balmer seconded the amendment.

Mr. Walter Hargreaves pointed out that
Rothwell was being put upon its own feet
reservoirs, the storage for Rothwell being in
the hands of the Leeds authority.

Mr. Abshire asked if the Committee had
had any question on the question of a
reservoir for Louthes, as it had been talked
of putting up a tank in that village where
there was frequent complaining of being short.

Mr. Balmer said he was not sure the Leeds
carried Messrs Lunn and Balmer voting for
the amendment.

LAMPS AND GAS.
At a meeting of the above Committee, a
deputation was appointed to see the Leeds
authorities with a view to a reduction of the
price of Stourton gas.

THE NEW EDUCATION ACT.
Pending notice, Mr. Lunn proposed that
the Council make application to the County
Council for the privilege of nominating the

HUNSLLET RURAL DISTRICT COUNCIL.
A monthly meeting of the above Council
was held on Wednesday afternoon, at the offi-
ces, Hunslet, Leeds, at 7.30 p.m. Present: Mr. J. H.
Hargreaves, (chairman), Mr. C. W. B. B. B.
Mr. Knight, with the Clerk (Mr. W. B. B. B.).
Mr. Knight, with the Clerk (Mr. W. B. B. B.).
The surveyor (Mr. Nuttall).

Messrs Knight and Crosthwaite were ap-
pointed representatives to attend the annual meet-
ing of the West Riding District Councils' As-
sociation to be held at Leeds on Tuesday
next.

The Clerk had received notice of the Edu-
cation Scheme as provided by the West Riding
County Council.

The Chairman: How does it effect us?
The Clerk: It affects all the Riding.
The scheme makes provision for 36 mem-
bers of the Committee to be elected by the
County Council and the co-opting of nine other
members including two women.

The Clerk said that if the Council thought
it could suggest any alterations in the pro-
posals or give notice of any objection they
might have.

As the proposals were said to affect the
Riding and no objection was taken.

Minutes of the Towns Improvement Sanitary
Committee were confirmed. The engineer was
to be asked to submit a scheme for the extension
of the drainage system in the town. A case of
overcrowding was reported to the Committee
in which twelve persons were occupying one
bed room. Notice was ordered to be served
on the owner of the house.

The Medical Officer reported a case of in-
fectious disease, 8 of scarlet fever, (5 at Hunslet
and 3 at Oulton), and 1 of erysipelas (at Oul-
ton).

The treasurer's balance was reported to be
£368 5s 1d.

Mr. Bailey, of Green Lane, Hunslet, wrote as
follows:—Just a line or two to thank you for
the kindness shown to me in the hospital
whilst suffering from small-pox, especially
thanking Dr. Buck and Mr. Whitehead for
their untiring attention. I must say a few
words for the kindness shown to me in the hos-
pital. I have found them a very faithful and
sincere couple. Their whole thoughts and
hearts are in the welfare of those who are suf-
fering, and they are ever ready to do the kindest
thoughts and a deep sense of gratitude.

The Chairman: That is very satisfactory.
The Clerk brought forward the advisability
of the extension of the drainage system at
Waterloo, to the Joint Hospital Committee of
Rothwell, Hunslet and Methley. If it was
taken over, Hunslet would have to pay for
its own, coroners, hold an inquiry in the Town-
house, and the Clerk would only have to
bear a share of the cost of maintenance.

The Chairman enquired what the hospital
cost the Council, and the Clerk replied about
£20 a year, in addition to whatever they paid
the coroners, and received payment only when
there were patients.

The Chairman: It is worth while to hand it
over to the Committee for the sake of £100
cost. Mr. Crosthwaite inquired what the last
cost was.

The Clerk said he would be able to inform
the Council at the next meeting.

Mr. Crosthwaite said that he had a great
advantage in having control of their own
hospital.

Finally the Clerk stated the County Council
was in a position to contribute a large area
for small-pox purposes.

The Clerk reported a proposed change of
county electoral area which affected Middleton.
It was proposed to take a portion of the
Alrethorpe division and transfer it to Sand-
with. An inquiry was to be held at Wakefield into
the matter. It would not, however, materially
affect them, and no action was taken.

It was decided that if work be not com-
menced by the 26th inst. to abate a nuisance
on property at Woodhouse, belonging to Mr.
R. J. Smith, legal proceedings be taken.

The main roads estimates had been approved
by the County Surveyor.

Notice of increased charges for the Oulton
and Woodhouse water supply was received
from the Oulton and Woodhouse Waterworks
Company, and the Clerk instructed to prepare
a fresh agreement.

INQUEST AT CARLTON.
On Wednesday afternoon last, Mr. P. P.
Matthews, coroner, held an inquest in the Town-
house Hall, Carlton, on view of the body of
Sam Ward Nunn, a child of nearly 2 years
of age. Mr. Jos. Wrigglesworth was foreman
of the jury.

Mrs. Nunn, the first witness, stated that
she was the wife of Sam Nunn, and the de-
ceased child's mother, and resided with her
husband in Bland's yard, Carlton. About 7
a.m. on Tuesday morning she went to fetch
the child from its bed and was walking toward
the top of the stairs with the child in her
arms.

Sam Nunn, the father of the deceased, stated
that about 7.10 a.m. on Tuesday morning
he was in the front room changing his clothes
when he heard his wife scream "Oh my baby!"
He went to see what was the matter, and found
his wife and child laid at the bottom of the
stairs. He picked the child up and sent for
the doctor at once. The doctor came but he
gave no hope of its recovery from the first.

Sam Nunn, who was in the house the day
before, stated that he saw the child in the
front room, and that it was well nourished;
except a slight bruise on the back of the head
there were no marks on its body whatsoever.

A verdict was returned of "Accidentally
killed by falling downstairs in his mother's
arms."

**EAST AND WEST YORKSHIRE UNION
RAILWAYS.**

The official traffic return for the above
railway for the week ending May 16th, 1903,
is £435, the amount during the corresponding
week last year was £371, thus showing an
increase of £64.

For the year ending May 16th, 1903, the
return is £2842 against £2779 for the
corresponding period last year, an increase
of £63.

STOURTON BOOKMAKER FIXED.

A LESSON TO WORKING MEN.

WHAT A BOOKMAKER TAKES AND WHAT HE PAYS OUT.

At the Leeds West Riding Court, on Tuesday before Mr. W. H. Maude, Mr. T. Walker, Mr. B. Naylor, Mr. R. Humble, Mr. C. Holdiday, Mr. R. C. Millard, and Mr. R. Rigg, John Dyon, described as a bookmaker, of Stourton appeared to answer four summonses for having kept a shop for betting purposes. Sergeant Charles Ward stated that on the 10th inst. he watched the defendant's shop in Wakefield Road from 11.40 a.m. to 2.0 p.m., during which time 39 persons entered the place, the majority being racing men. On June 11, from 1.30 a.m. to 1.45 p.m. 48 persons entered, most of them being those who had seen on previous day. On June 13, a Saturday, from 11.45 a.m. to 1.30 p.m. 54 persons entered, the majority again being racing men. On that occasion, he noticed slips of paper placed into the defendant's hands, and also money. On June 17, which was the day on which the Royal Hunt Cup was run, the witness observed 61 persons enter the shop. Each day a boy rode up on a bicycle with sporting papers, and on two occasions visits were made by telegraph messengers. On the Royal Hunt Cup day, at 2.5 p.m., the witness and another officer went to the shop with a search warrant. After reading the warrant the defendant said that he would hand over his book he would not be locked up. He replied "Well, I'm very sorry, but I must get a living somehow." The defendant then handed over his book and it was found to contain 5,702 bets over a period of eight weeks from April 22 to June 17. The figures showed that the amount received in bets was £29 4s 10d, and that £29 11s 2d had been paid out. (Sensation.) The book contained, further, a number of slips bearing the names of horses corresponding to those mentioned in the book for those particular days. On the day following the raid the witness was on leave, but he watched the shop privately from 11.30 a.m. to 1.50 p.m., and saw five persons enter. Two of them were eating bread. (Laughter.) The racing men were conspicuous by their absence on that occasion. (Laughter.) The defendant admitted the betting, but inquired if his shop was in a jurisdiction of the West Riding police. He was told by the Chairman that it was. A fine of £10 and costs in each of the four cases for three months was imposed.

MINERS DEMONSTRATION AT CASTLEFORD.

Glorious fine weather favoured the annual demonstration of the Yorkshire Miners' Association, which took place in the football field, Castleford, on Monday last. The Rothwell branch or should we say a dozen or so representing the branch, left Rothwell shortly after nine o'clock, loaded by the Rothwell Old Boys and their line banner. There were 93 branches of the association represented, and as almost each of these had banners—some of them of magnificent design—the procession in the football field in Look Lane was a fine sight. The effect was heightened by the presence of over sixty brass bands, which played lively airs on the way to the field. The streets were lined with spectators, and the behaviour of the crowd throughout the day was of the best. When the procession, which was over a mile long, arrived at the park, the crowd divided itself around three platforms, from each of which several addresses were delivered, the speakers including Mr. B. Pickard, M. P., Mr. Abernethy Jones, C. C., Rev. John Walton, M. P., Mr. W. H. Riddall, M. P., Sir John Austin, M. P., and Sir W. H. Holland, M. P. The same resolutions were put at each platform, and were all carried unanimously. Chamberlain's speech, however, came in for general condemnation, and the empty words of the Colonial Secretary that it was only the Labour leaders and not the working men who were against Free Trade, was a fine sight. Every declaration in favour of Free Trade was received with unanimous cheering, and from the evidence of the demonstration it is clear that the miners of Yorkshire will stand no tampering with our fiscal policy. The Eight Hours day, the compensation question, the Denaby dispute and other questions affecting the miners interests were spoken of at length.

THE RACING PIGEON.

On Thursday, the clubs in the Yorkshire Federation sent over 1,800 birds to Ventnor, Isle of Wight, for liberation on Saturday, the largest number being entered by the Sheffield Society. Owing to the disaster from Winchester last week the competitors were few in number. The weather on the island on Saturday morning was very bad, as there was rain and a north-east wind. The birds were liberated on Monday morning at 7 a.m. The Continental race in this Federation will be flown. The young bird races will commence at Ambergate on July 25th. Rothwell Homing Society (220 miles)—Fourteen members sent 37 birds.—F. Goulthorpe, 1,129, 1,057; Fox Bros., 1,086; Jas. Adamson, 1,067; John Burrows, 1,050, 996; James Arncliffe, 1,027, 1,006; John Burrows, 1,025; G. Field, 1,024; W. Hargreaves, 915; A. Chapman, 629. Totals for Old Bird Cup.—F. Goulthorpe, 6,618; James Arncliffe, 6,578; Fox Bros., 6,532; John Burrows, 6,514; G. Field, 6,191; John Burrows, 6,020; A. Chapman, 5,986; A. W. Hargreaves, 5,976. F. Goulthorpe won the Old Bird Cup.

MRS. MEYNELL INGRAM.

Mrs. Meynell Ingram has arrived in Eaton Square from Wiesbaden, where she has been staying for several weeks at the Rose Hotel. On leaving town (says the "World") Mrs. Meynell Ingram got to the "World" office place in Staffordshire, for some time before returning to Templeham, the family seat near Leeds.

THE REV. JOHN HARRIS.

The Rev. John Harris who succeeded the late Rev. S. Arnold as superintendent of the

Rothwell Wesleyan Circuit last September, has already been on the sphere of his work since completing the usual term in his present circuit, having this week accepted an invitation from the Dudley Circuit for 1905. This West Yorkshire town has a population of 80,000, the chief industries being coal and iron mining, with glass and brick works, brass foundry and nail making. It is about eight miles from the centre of Birmingham, with which it has good railway service. There are three Wesleyan Chapels in the town itself, and others within easily tram access.

WORKPEOPLE'S TRIP TO BARROW.

The workpeople employed on Messrs J. & J. Charlesworth & Rothwell's colliery this year selected Barrow as the place to be visited on their annual trip. It is 26 miles from the colliery to Barrow, and the trip was made by rail. The workpeople left Barrow at 10.15 a.m. and arrived at the colliery at 1.15 p.m. The trip was very successful, and the workpeople were very much pleased with the arrangements made for them. The colliery is a very large and modern one, and the workpeople were very much impressed by the scale of the operations. The trip was a very pleasant one, and the workpeople were very much pleased with the arrangements made for them.

A POINT FOR THE CONSIDERATION OF ROTHWELL RATEPAYERS.

To the Editors of the Rothwell Times,
Dear Sirs,
In view of great reluctance I take the pen on the following subject, still it is a matter which much concerns the people of Rothwell, and I have thought it my duty to ventilate the same. It would appear that the painting and decorating work of the Stourton and Rothwell Haigh Board Schools has been let out for tender, and a certain gentleman in Rothwell has got the contract, so far so good; but what is the cost of the work? OUTLON AND WOODSFORD INFIRMARY SUNDAY.

This annual effort in behalf of the Leeds General Infirmary took place on Sunday last, in fine weather, similar attempts having been made in favour of a cricket match and gala on Outlon Green the previous day. On Sunday, a procession was formed at the top of Woodsford, which, headed by the Outlon Band, paraded the streets of the two villages, finally arriving at Outlon Church, where a musical recital was given. There were large crowds along the route of the procession and collections in the form of boxes for the Infirmary funds. At the church, prayers were intoned by the Rev. R. Garrad, and a short sermon preached by the Rev. Armstrong, rector of Methley. The sermon was based on a part of the 20th verse of the 2nd chapter of St. Paul's epistle to the Galatians, "The Son of God, who loved me, and gave himself for me." In the course of the sermon, the preacher alluded to the cruelty and indifference of the people towards the sick and feeble prior to the birth of Christ, and characterised God's gift of his only begotten Son as a charm of love, which induced people to be more tender, merciful, and kind to one another. They should ask God to give them strength to act as he would have them act—to do their best to help the suffering who were stricken down and whose lot it was to suffer. Mr. J. W. Morley, organist, gave an organ solo, one of Dr. Peace's compositions, the first part being a grand march, which was delightfully played, and the second an allegro, a heavy spirited piece well rendered. Mr. Wood Higgins sang the "Naxos," his detachment of the psalm passages being distinctly pleasing. Mr. Higgins, Mr. Pringle, the Rev. R. Garrad and Master Regie Higgins joined in St. Bernard's quartette entitled "God is a spirit," which was also a pleasing offering, and the choir sang "Worthy is the name 'Blessed be the God and Father.'" There was a large congregation in the Church, where collections were made for the Infirmary funds. In the evening, musical services were conducted in the district, the preachers being:—Outlon Church, Rev. R. Garrad; Woodsford Church, Rev. A. J. E. Irvine; Outlon Methodist Free Church, Mr. W. H. Clifton; Leeds; Outlon Wesleyan Chapel, Mr. Garrad; of Stanley; Woodsford Wesleyan Church, Mr. W. Cartwright.

LOCAL SCHOLASTIC SUCCESSSES.

We are pleased to note the names of John William Morton and John Cleaver, of the Woodsford Board School, and Elsie Booth, of the Woodsford Board School, who were successful candidates for the County Minor Entrance Scholarships recently offered by the West Riding County Council, and that a local nursing exhibition had been awarded to Chas. Butler, of Woodsford.

SPLENDID PERFORMANCE OF A LOFT-HOUSE RACING PIGEON.

Our readers will be pleased to hear that Mr. A. F. Balme, of Lofthouse, timed his racing pigeon in his Loche (France) in the recent race, 500 miles, on Tuesday morning, when he coted Wednesday morning between 8 and 9 o'clock. He was sent to compete in the National Race from La Roche. Up to Thursday morning no bird had landed at La Roche, and he therefore wins Mr. Stanhope's special of £2 for the first National Race bird timed in the Wakefield Club. The weather was very fine, there being a strong north west wind, the bird's performance is considered most meritorious.

HUNSLY BOARD OF

GUARDIANS.

The fortnightly meeting of this Board was
 held on Wednesday at the offices in Glasshouse
 Street. The Chairman (Mr. J. Farrer)
 presided, and there were also present Messrs.
 J. Butterick (vice-chairman), J. Banks, J. Edwards,
 E. Green, W. Greenwood, J. E. Harwood,
 W. Hollings, P. Houghton, Lawson, Nield,
 J. Robb, J. Seddon, Wood, Dr. Hawyard, Rev. Mr.
 J. Dillon, and Mrs. Dickinson (Mrs. Mr. Mees) and
 the Assistant Clerk (Mr. A. Ward).

The Workhouse Visiting Committee reported
 that letters were received from the Doncaster
 Deaf and Dumb Institution promising to
 contribute £10 towards the premium on
 Henry Leach being properly bound apprentice,
 and a small sum towards the Local Government.
 A letter was received from the Local Government
 inviting Leach and the brothers Bell to a picnic
 at Horsforth on the 25th inst., and pointing out
 that the boys had not attended their school
 services. The invitation was accepted, and it
 was decided to ask the boys if they were desirous
 of attending the Sunday service with the Local
 Government. The minutes were agreed to.

CHILDREN'S HOMES—WATER SUPPLY.

The Children's Homes Committee reported that
 an application was received from Mr. and
 Mrs. Ward requesting the Board to allow the
 Children's Homes to have an increase of salary,
 and the Clerk was instructed to obtain a
 return of salaries paid in other Unions.

A letter was received from the Local Government
 Board respecting the bad supply of water to the
 Homes, and asking to be furnished with a copy of Mr. Dodgson's letter and the
 observations of the Guardians on the subject.
 A draft letter in reply, prepared by the Clerk,
 was approved, and it was decided that it
 be forwarded to the Local Government Board.
 The letter was written stating that it was not
 their practice to sanction the emigration of
 girls under 12 years of age. They had in
 a few instances departed from that rule upon
 certain considerations being given, and they
 would be prepared to further consider the
 Board's application if those considerations were
 given. It was decided to instruct the Clerk to
 give the required undertakings.

Mr. Hawyard moved the minutes and remarked
 that it would be a serious thing if a fire
 broke out at the Children's Homes.
 Mr. Hawyard pointed out that the Leeds
 Corporation were now laying down new water
 mains to Thwaite gate, and when the work was
 finished the Homes would have a better supply.

The Chairman: How long will they be a
 month.
 Mr. Hawyard: About three weeks or a
 month.

VARIANTS.

From the minutes the building Committee
 it appeared that a loan of £5,000 was to
 be negotiated for with respect to the new
 workhouse. The question of erecting a wood
 chopping shed was deferred to enable the Com-
 mittee, if possible, to find other means of em-
 ploying the old men. The minutes were
 agreed to on the motion of Mr. Harlow.

Mr. Harlow moved that Messrs. Robb & Son's
 tender be accepted for the painting of the
 Stourton school, but he thought nothing
 more about it until he saw the letter in the
Rothwell Times on the matter; he might say
 that the letter was not from him, as it would
 have had his name on it. He had not the
 slightest idea of what was written, but he
 had been written, but nevertheless quite agreed
 with the sentiments it expressed.

The Chairman: He had been writing to in-
 struction, asked Messrs. A. & G. Barker and Mr.
 Wain for prices, and had only received one
 answer, from Messrs. A. & G. Barker, whose
 figure was 23 15s. 0d. The Clerk's statement.
 This tender was accepted.

HOLIDAYS.

On the question of holidays being intro-

The Clerk reported that he had received a
 further letter authorising the borrowing of
 £1,414 to defray the cost of revaluation.
 Accounts were passed for payment amounting
 to £5,201.
 It was agreed to open the New Workhouse
 on the 1st October.

HUNSLY BOARD OF GUARDIANS.

THE REVALUATION—WHY IT HAS BEEN MADE.

HALF YEARLY ESTIMATE OF EXPENDITURE.

ANOTHER BIG INCREASE.

A meeting of the above Board was held on
 Wednesday last, at the offices, Hunslay, Mr. J.
 Hargreaves, presiding in the absence of the
 Chairman and Mr. Hargreaves, who were present
 were Mr. Dickenson, Rev. A. J. Irvin,
 Mr. M. J. Dillon, Messrs Greenwood, Knight,
 Harlow, Green, Park, Nield, Allison, Edwards,
 Tawson, Hollings, Croftworth, Beale, and the
 clerk (Mr. Mee) and visiting clerk (Mr. Ward).

WORKHOUSE VISITING COMMITTEE.
 At a meeting of the above Committee it was
 proposed by the Chairman that the Clerk be
 instructed to write Mr. Houghton expressing
 the sympathy of the Committee in his sudden
 and serious illness, and their hope for an early
 and complete recovery. Seconded by Mr.
 Harlow and carried by general consent. The
 Ladies Committee reported their visit to the
 Workhouse on the 20th instant, and that the
 inmates are looking forward to their new home.
 Complaints were made by the Superintendent
 Nurse of a man again using obscene language
 in the wards. Resolved that the War Office be
 asked if they can admit him into one of the
 Penitentiary Hospitals. Mrs. Dickenson stated
 that Miss Thornton is desirous of giving a
 concert during the coming winter. It was
 proposed by Mr. Hargreaves that permission be
 given for the first convenient opportunity that
 may present itself at the New Workhouse,
 subject to any regulations that may be made
 there, to be held there. Seconded by Mr. Harlow
 and carried unanimously.

At a further meeting held on the 31st August
 it was decided that two applicants for the
 position of Probationer nurse attend before the
 Board for selection.
 The minutes were confirmed on the motion
 of Mrs. Dickenson and Mr. Dillon.

CHURCHMAN'S HOMES.
 The Children's Homes Committee had
 received consent from the Local Government
 Board to emigrate two children to Canada.
 Thanks were expressed for a parcel of magpies
 recently sent to the homes by the Rev. J. Harries,
 of Rothwell.

The minutes were confirmed on the motion
 of Messrs Harlow and Edwards.
THE NEW WINDMILL STRAT.
 The Staffing Committee appointed Mr. C.
 H. Darr, of South Shields, engineer at the new
 windmill, and also decided that no assistant
 engineer should be employed, and that the
 work could be executed without this additional
 officer. The salary of the engineer was fixed
 to £2 10s 0d per week rising to
 £3 15s 0d during the year, and £3 during
 the third and subsequent years.
 The Committee recommended the appoint-
 ment of a male baker at £35 per year, rising to
 £40 after approved service.
 The Clerk declined to enter the fees allowed
 for dispensing medicine, and declined to do
 the work. The Committee took no further
 action.

On the minutes being proposed for confirma-
 tion, Mr. Croftworth asked who would
 dispense the medicine under such circumstan-
 ces.
 The Chairman said he thought the Medical
 Officer should do the small amount of dispensing
 required as had been done by previous
 Medical Officers.
 Mr. Croftworth: But he refuses to do his
 duty.
 The Chairman: If you will let it take its
 course I think things will turn out all right;
 he declines the duty, and he is not to be
 the minutes were confirmed.

THE REVALUATION—IMPORTANT STATEMENT.
INCREASED EXPENDITURE EXPECTED.
 On the minutes being proposed for confirma-
 tion, the Chairman said that the Finance
 Committee accounts were passed amounting to
 £12,164 11s 6d.
 The Clerk presented to the Committee his
 last yearly estimate of expenses for the term
 ending July 31st 1904. This shows the total
 amount required to be £12,000 19s 4d, against
 £10,844 13s 6d for the corresponding half year
 of 1903-1904. The increase is £1,155 5s 8d.

Sunset Colours.
Many people if they were asked to state the colour of the sun would say that it was orange, and they would as confidently assert that the colour of the

atmosphere was blue. Recent researches and investigations, however, point to the conclusion that the real colour of the sun is blue, while that of the atmosphere surrounding the earth is orange. Commonly the earth's atmosphere appears so transparent and translucent that it is hard to realise the fact that it has as much effect on the light and heat coming from the sun as if it were a roof of thick glass. It will readily be understood that any light passing through this screen will experience some remarkable modifications. When the rays of light first leave the sun, the blue rays are more strongly refracted than the orange rays, and the blue rays are

but very soon after they entered the atmosphere their progress was impeded, and of all the rays journeying from the sun they quickly became the weakest. On the other hand the red rays, which at first were inconspicuous, had the ability of penetrating the earth's atmosphere, and were the most in evidence at the end of their long journey. The first step accordingly to be taken in the study of the spectrum of the sun was to separate the white light from the sun, which is commonly supposed to be composed of the seven primary colours, should rather be thought of as a residue of the original radiations. A further important point is

to bear in mind that all radiations of light are of different wave lengths. This fact indeed is at the very foundation, so to speak, of all sunsets, and it is the prime agency by which their flaming gorgeous tints and colours are produced. It is due to this fact, for instance, that in the neighbourhood of large towns the sun nearly always appears to set as a red ball of fire. The rays of light at the red end of the spectrum are of a much longer wave length

than any of their fellow-rays, and so are the best qualified for penetrating the dense bank of haze which so commonly floats over all large towns and cities. In such localities, as the sun sinks to rest, the green rays are first absorbed by this bank of haze, and then the yellow, and lastly the orange and the red, the latter more often than not being the only ones to get through at all.

HUNSLER BOARD OF GUARDIANS.

DR. WAINMAN'S DISPENSING

OF MEDICINES.

A SUGGESTED GRATUITY.

A fortnightly meeting of the above Board

was held on Wednesday afternoon at the offices

Hunslers, being present—Mr. Butterick

(vice-chairman) presiding, Rev. M. J. Dillon,

Rev. A. J. Irvin, Dr. Hawkey, Messrs Bobb,

Seddon, Harlow, Wood, Greenwood, Robb,

Lawson, Hollings, Edwards, Nield, Park, Har-

low, with the clerk (Mr. Mee) and assist-

DR. WAINMAN'S PORTION.

At a meeting of the Staffing Committee, a

forth letter was read from Dr. Wainman, the

workhouse medical officer, asking contending

that it wasn't his duty to dispense medicine.

Instructions had been given for prescriptions

to be made up by a chemist. The Committee

also considered a letter which had been re-

ceived by them from the Local Government

Board, enclosed in which was copy of letter

received by them from Dr. Wainman; the

London authority asked for the Board's con-

sideration thereupon.

It was agreed that the Clerk see Dr. Wain-

man, and providing a reasonable amount could

be agreed upon, the Guardians allow a small

gratuity, on condition of his resigning the

appointment.

The Clerk had accordingly seen Dr. Wain-

man and told him of the position the Guardians

had taken up and intended adhering to. He

had a conversation with him but the Doctor

adhered to his determination not to dis-

continue. Apart from the legal justification, the

Board thought there was a moral obliga-

tion on the part of the Guardians to give him

some remuneration. He, Dr. Wainman, sug-

gested an addition of £15 or £20 to his salary.

It was decided to give him £20 to his salary

if £10 extra salary was given him. He did not

undertake the work for seven years. If the

Guardians wished him to give up the appoint-

ment he suggested that a gratuity of £50 be

given him.

The minutes were proposed for confirmation.

Dr. Hawkey thought the Board would be

inclined to give him £50. He did not think

Dr. Wainman had gone about this thing in

the right way. If he had come to the

Board in a better spirit of confidence it might

have been taken.

The minutes were confirmed, and the Board

having expressed itself in favour of giving the

gratuity, Dr. Hawkey gave notice to propose

a resolution to that effect in the course of

the next Court of Guardians.

At a meeting of the Vaccination Committee

it was decided to recommend the Board to

write to the Local Government Board, sug-

gesting in view of the appalling increase in the

cost of vaccination the necessity of an early

reduction in the minimum fees allowed.

On the minutes being proposed for confirma-

tion, Dr. Hawkey expressed strong opposi-

tion to such a course, the fees now being re-

ceived by the medical gentlemen concerned

being in his opinion still very low.

The resolution was not put to a vote, and

at the profession. He proposed as an amend-

ment that the minutes of the Committee be

confirmed with the exception of this resolution.

Mr. James Hargreaves seconded and fully

borne out the remarks by Dr. Hawkey as to

the inadequacy of the fees.

The Committee repudiated the statement

made by Dr. Hawkey as to the motive for

the Committee's action, it being stated that

the Committee had looked at the question

from a purely professional point of view.

The amendment was put to the

meeting and declared lost.

Another amendment, was however carried,

proposed by the same gentleman, that the

minutes be confirmed, but that the

Committee be petitioned in

favour of a simpler method of carrying out

the required work with a view to the cost

being reduced.

MISCELLANEOUS.

Accounts were passed amounting to £1735

the clerk (Mr. J. Cockerham).

A precept on the overseers for £20 was

signed, to cover anticipated expenditure during

the ensuing six months.

In answer to a letter from the Clerk enquir-

ing what advantages were likely to accrue in

the event of the township being included in the

Leeds city area, the Clerk to the Leeds City

Council wrote, stating that Mr. Cockerham's

letter would be laid before the Leeds Parlia-

ROTHWELL TIMES.

FINANCIAL STATEMENT.

Mr. Baty, in presenting the estimate of

income and expenditure for the next twelve

months, said:

As you are aware there have been during

the last few weeks considerable changes made

in the political world, owing to the resignation

of certain members of the present Government.

Many of the important positions in the Cabinet

have been filled, and the same thing applies to

our own local Government so far as regards

the School Board. Some months ago Mr. W.

Shurmer, a member of this Board and Chairman

of the Finance Committee, vacated his position

(not on any question of policy, or disagreement

with his colleagues), but merely owing

to having to remove from the district for

business purposes. It therefore remains for

me, as a member of the Finance Committee, to

lay before you a statement of the probable

income and expenditure for the year ending

September 30th, 1904. The Education Act

of 1902 (inquiries, as some would have

believed) came into force in this district on

April 1st, 1904, when matters will be handed

over to the new Riding County Council and

our duties as members of this School Board

will cease. Whether the change will be for

the better or the worse, I cannot say. My duty

is to give figures so far as relates to the

whole 12 months, but only to ask for sufficient

cash to tide us over the six months ending

September 30th, after which time we shall

be upon some building Committee of the Ex-

chequer to build his Budget to another gov-

erning body appointed by the said West-

riding County Council, but this I cannot say

state, not to a more intelligent or appreciative

body, than is met here to night, or one, which

will carry out the duties more conscientiously

or faithfully than has been done in the past by

this existing Board.

Seven years ago when I was appointed

Chairman of this particular Committee, I started

with a consideration of an innovation—but an

agreed one, viz.: to give in *detail* the various

items of income and expenditure each half

year, a duty which was pleasing to myself

and appreciated by the ratepayers generally,

and this work I have been able to perform

by my successors in this important position.

In asking your acceptance and approval of

my figures, it will be found that the sum re-

quired for educating the children is a consider-

ably increasing amount over past years, but

we being a progressive Board, one which we

being a progressive Board, one which we

being a progressive Board, one which we

being a progressive Board, one which we

£1894, leaving a deficiency of £2861. We

propose to issue precepts for first half of the

year as follows—**ROTHWELL OVERSEERS £1200,**

Wesleyan Chapel £1894, making a total of £1200.

This sum (along with the other sources of

income) will meet the expenses liable to be

incurred during that period, which is equal to

the £2 on present assessments. Seeing

this is the last opportunity we shall have of

ventilating our views if not, grievances so far

as concerns the financial side of our work, if

not thought otherwise I should like to draw a

comparison between now and 1896 (7 years

ago). In the corresponding half year of 1896

we asked for £700 which at that time was £4.

In the £2 on the rateable value, now we want

£1200 which is only 1/4 more in the £, but

thanks to our increased rateable value, the

calls, although much heavier are not such a

great burden on the ratepayers as at one time; in

fact the rates now all round are less than a

year or two ago. In 1896, our income was

£1213, now it is £1894, a difference of £681

(largely owing to the increase in grants earned

by a better average attendance). Now our

expenditure was £2559 now it is £4755 an

increase of £2861. "We have always endeav-

oured to keep abreast with the times," and

the fact, or rather the fact, have done so

expenses, as they have been fully justified by

results.

In conclusion, I trust the statement now put

before you will be found satisfactory, and I

having been the introducer of the first Budget

I did not think it would be my lot to be "in

at the death of School Boards. However

the fact, or rather the fact, have done so

expenses, as they have been fully justified by

results.

In conclusion, I trust the statement now put

before you will be found satisfactory, and I

having been the introducer of the first Budget

OUTLON CRICKET CLUB. ANNUAL TEA AND "SMOKER."

The above was held in the Harold Hall on Friday evening last. Previous to the smoker, a very substantial tea was provided by Mrs. Blackman, of Rothwell, to which about 40 men and women were invited. The guests were: Mr. Boothroyd, Mrs. Barnham, Mrs. William Smith, Miss Bell and Miss Angus.

After tea, the annual "smoker" was held. Mr. B. Wood Higgins presided, supported by about 60 members. The Chairman, in his opening remarks, alluded to the absence of the president, Captain Calverley. The weather during the last season had been the worst they had experienced for many years; he also made reference to the bowling green, which he trusted would be well patronised.

The secretary, Mr. F. J. Wright, then read the following report:—"Another season's cricket is past and gone, and I must say a very bad season it has been in every respect, for all concerned. The weather, as you are all aware, has played a very bad part, as far as the players are concerned, with gate-money receipts as regards finance, and with the enthusiasm of the general public. The loss of the season has been a very bad one, with the past season's record which I may now mention. To begin with, my worthy predecessor in the secretaryship retired, this is one of the drawbacks the club has had to contend with. The loss of his energy and services, as I feel sure, deeply regretted by all. Your Committee have decided to join a league, namely the Yorkshire Central League, which I trust will revive the interest of the spectators as well as players, and that we shall have a very successful season next year. I may mention at the same time that the other clubs in the league are—North Leeds (better known as St. Aidan's), Headingley, Middleton Park, Farley Ironworks, Leeds Police, Yorkshire Bank, and Kirkstall Educational, and I take the liberty of saying a prize given to every league Saturday—one week for the highest score, and the next week for the best bowling average. I trust we shall find some of our players rise to the occasion, and now proceed to the result of the club's fixtures which have not been an unalloyed success this year. The first eleven have played 18 matches, of which they have won 3, lost 5, and drawn 10, and not played 6. One of the latter was, as I think you are all aware, owing to the indiscreet action of the Rothwell players during the match at Rothwell; it was decided by your committee to play the match at Oulton. For the other five, rain was to blame. The games were against Sandal, Swillington, and Lofthouse, whilst those were to Leeds Springfield, North Leeds, and Leeds. We have scored 1316 runs for the loss of 125 wickets, or an average of 12.1, whilst our opponents have registered 1819 for 134 wickets, or an average of 13.5 making an average of 1.5 in our favour. 303 runs for 3 more wickets, and a deficit in the average per wicket of 1.4. The team's least score in any one match amounted to 52, against Headingley, and the highest 169, against North Leeds, whilst Swillington retired for 24 and Methley rallied up 196 for 10 wickets against us. The century has been topped on 6 occasions, and the highest score of 115 making 115 runs, 38 wickets, average 5.7. The following is the batting performance of the team:—Mr. B. Wood Higgins, 115 runs, 38 wickets, average 5.7. Mr. B. Wood Higgins, 115 runs, 38 wickets, average 5.7. Mr. B. Wood Higgins, 115 runs, 38 wickets, average 5.7.

Greenwood; song, "May of Argyle," Mr. J. H. Arncliffe; "Midnight Sun," Mr. H. Butler; "Down the Vale," Mr. L. E. Greenwood; "The Echo," Mr. B. W. Higgins; "Ora pro Nobis," (encore) "The Holy City," Mr. C. Arnett; "The Skipper of St. Ives," (encore) "To Sylvia," Mr. L. E. Greenwood; "Daisy Bell," (encore) "The Blue Bird," Mr. B. W. Higgins; "Mary," Mr. J. H. Butler; "Out of the world and wante None," (encore) "The Charge of the Light Brigade," (encore) "Schoolboy," Mr. W. Peters. The songs were ably accompanied by Mrs. P. C. Higgins, Mr. J. W. Morley and Mr. W. Peters. At the close, Mr. Boothroyd proposed a vote of thanks to the artists, and also paid a special tribute to their youthful secretary, Mr. B. W. Higgins, seconded the motion which was heartily carried.

ROTHWELL TEMPERANCE CHOR.

The above choir journeyed to Methley on Saturday evening last, and in the Methley Primitive Methodist Chapel rendered the beautiful service of song "Given in Charge." The service was profusely illustrated with fine light views and Mr. J. M. Smith had played by Mr. W. Ward, organ, and Mr. O. Siddons, piano. After the service a short concert was given, the following being the programme:—"Holy City," Mr. W. Lupton (illustrated); "Elphig's Song," Mr. E. Clark (illustrated); "Ora pro Nobis," Miss A. Siddons (illustrated); "Star of Bethlehem," Mr. W. Lupton. At the close of the service, the visitors were thanked for their services.

COURT LEET, ROTHWELL. (October 22nd, 1903.)

"Ancient manners" and "old customs," some "die out" very hard, Rothwellians, for the Court Leet, retain a high regard for the ancient custom of the "Court Leet." And tho' 'tis but biennially, the Jury now do meet to get a summons to attend, with a view to thought a treat. Commencing business legally, the Bailiff did arise, And in a loud stentorian voice, O Yes! O Yes! he now proceed to the result of the club's fixtures which have not been an unalloyed success this year. The first eleven have played 18 matches, of which they have won 3, lost 5, and drawn 10, and not played 6. "I WILL HAVE VI-COCOCA."

Your grocer and every other grocer, too, can tell you of men and women who week after week regularly use Dr. Tibbles' Vi-Cococa, and who use it on "special" terms, as a nourishing and stimulating food. Are you a regular drinker of Vi-Cococa? If not, why not? Dr. Tibbles' Vi-Cococa, by taking the place of stimulants of an ardent nature, has made happy many a home, which, otherwise to-day would have been wretched, and the ultimate effect of which it is impossible to foresee. For breakfast, dinner, supper—indeed at any hour of the twenty-four, Dr. Tibbles' Vi-Cococa will be found light and refreshing; it leads to the use of all beverages, and nothing can equal it.

PEOPLE'S PICTORIAL SERVICES.

At the usual services of the above the Mechanic's Hall was crowded on Sunday evening last, to hear the Rothwell Temperance Choir, rendered the service of song entitled "Given in Charge." Illustrated with fine-light views by Mr. Wright Head. Songs were rendered by Miss Rosetta Siddons, "Sweet rest in Heaven," and Miss Ruth Ward, "Sun of my Soul." Miss Annie Siddons was the reader. Mr. J. M. Smith conducted, and Mr. W. H. Ward accompanied. The service was presided over by Mr. Willie Lunn.

ROTHWELL PRIMITIVE P.S.A.

Captain Collard, of the Rothwell corps of the Salvation Army, was the speaker at the meeting of the above on Sunday last, his subject being "Strength." Quartettes "Sing On" and "As Pants the Hart" were sung by Mr. T. Hampson, Miss Jackson, Mr. J. Blackburn and Mr. Throp Hampson. Mr. E. B. Bramley accompanied. Mr. E. B. Taylor presided over a large gathering.

EAST AND WEST YORKSHIRE UNION RAILWAYS.

The official traffic return for the above railway for the week ending Oct. 17th, 1903, is 2419, the amount during the corresponding week last year was 2438, thus showing a decrease of 219. For the 16 weeks ended Oct. 17th, the return is 2419, the corresponding period last year was 2411.

The following programme was contributed during the evening, and a very interesting evening was enjoyed by the audience—duet "Flow Glean Dega," Messrs. B. Wood Higgins and L. E.

**THE PROPOSED ALGAM-
ATION WITH LEEDS.**
MEETINGS AT ROTHWELL
AND STOURTON.

Leeds have for years had designs on part if
not all the area within the jurisdiction of the
Rothwell Urban District, proposals for incorpo-
rating Stourton some years ago causing an-
guish to ratepayers and anxiety to our local
governing body. They are again tarring
their attention to the South east, and have pro-
posed a scheme of greater magnitude pro-
viding that at the time of such accident, the person
so killed or fatally injured was the owner of this
INDIVIDUAL COUPON, with its serial number

train service, cheaper water, and many other
privileges enjoyed at the present time by Leeds
citizens. They also offered a ten years pre-
ference, which meant that the rates during
that period would not be increased to those
which obtained within the city. On the other
hand they would not have direct representation
as now, when all disputes about the rates
probable under Leeds they would be attacked
to one of the South Leeds wards and would
only have one of sixty four in representation.
Leeds, like other cities had to look to the
to the centre, and such outlying parts
as Rothwell would be almost bound to be
neglected. Since 1891 Rothwell had in-
creased rapidly its rateable value. In 1891
the gross estimated rateable value was £241,161
to day it was £78,137. During the past
three years the rateable value had increased
£11,500. The Rothwell township he took it,
now had, according to rateable value, as any
liabilities as any similar place in the kingdom.
Rothwell had got good roads, as good as the
Leeds Council would give, a fair water supply
for which they were dependent on Leeds, and
little debts at present. The heaviest which
was looming over them was that for the
Stourton sewage scheme, but now rateable
value likely enable them to meet the rates
where they were. Leeds might give recreation
grounds and other things, but the Council at
the last meeting had appointed a Committee
to enquire into the provision of recreation
grounds, and the Council had fairly met
Mr. Farrer, and he believed they would be able
to arrange play grounds for some of the wards
on very reasonable terms. Upon the ques-
tion of a great measure depended as to whether
they should join Leeds or go. They would be
glad to hear anybody either for or against
the scheme. (Applause).

The Chairman, in answer to a question by
Mr. J. R. Seaton, said the decision of that
meeting would have great influence with the
Local Government Board or Parliament, in
deciding the question, but he could not say
that the decision of the meeting would abso-
lutely or of itself rest the Leeds proposal.

Mr. Seaton, Can Leeds swallow us up with-
out our leave, that my point.
The Chairman, We hardly think that can
Mr. Walter Hargreaves said that when he
first heard the amalgamation spoken of he
wanted to know what object Leeds had in
view, and he came to the conclusion that the
intentions and aims were not altogether philan-
thropic. Their aim, he concluded, was
"Leeds' benefit and not Rothwell's." On look-
ing round this town, he found that Leeds was
in as good a position as Leeds was in as
people were to think. Rothwell district was
in a considerably more satisfactory position
than Leeds might ever hope to be. Leeds
was practically out of hand and in debt, and
while Rothwell on the other hand were finan-
cially sound. Leeds borrowed money for im-
provements, &c., and paid only interest on the
borrowed, while Rothwell in borrowing money
were under agreement to only pay interest
but also to pay back principal, which liqui-
dated the debt in some thirty years. Many of
the Leeds people were desirous to find out
the state of affairs of the government to which
Rothwell had attached; it was a surprise to

the Leeds people were desirous to find out
the state of affairs of the government to which
Rothwell had attached; it was a surprise to
them to find that Rothwell had good roads,
good water supply, and a satisfactory sewage
system, and that

ROTHWELL DISTRICT COUNCIL.

A monthly meeting of the above Council was held on Wednesday night, at the offices, Cr. Jas. Hargreaves (chairman), present: Mr. J. Milner, T. Smith, J. Armitage, G. Armitage, B. Taylor, J. Abbiham, Mr. Hargreaves, Sq. Dobson, J. W. H. Hemmings, J. W. Bulmer, W. Lunn, with the clerk (Mr. Dodgson), medical officers (Dr. Stevenson), surveyor (Mr. Pean), inspector (Mr. Moorhouse), and collectors (Mr. A. & M. Marshall).

Highways. The Highway Committee had inspected the wagonettes and recommended that licenses be granted to all wagonettes shown, subjects to plates being affixed, and drivers' licenses to those who had made application. It was decided in consequence of the flooding of Pontefract Road that owners of land adjoining the surface water drain be asked to clean out the dyke. It was arranged to meet the Ardley Council respecting proposed improvement of Dolphin Lane, and an improvement in the approach to Ardley. A letter was received from the Tramway Co.'s solicitors and engineers, and it was resolved that the Council ask the West Riding Surveyor to inspect the Wakefield main road, and to see that it was being kept in good order. The Council was asked to consider the proposed improvement of the Wakefield main road, and to see that it was being kept in good order. The Council was asked to consider the proposed improvement of the Wakefield main road, and to see that it was being kept in good order.

The Chairman proposed the confirmation of the minutes, and referred to the exceptional flooding of the highway on the Stourton side of the Long Bridge, which was out on the highway it had been turned on to the High Park estate, who threatened proceedings, but nothing more had been heard of. Mr. Lunn raised the question of shelling for wagonette drivers and suggested that arrangements be made so that the stated times of running from the wagonette stand should be taken in turn so that each proprietor should have equal share of the good and bad times of running.

The Clerk pointed out that in regard to time of running the Council had no jurisdiction. If two men were on the same time they could do so. All they could do would be to stop their licenses. Mr. T. Smith asked for attention to be paid to the footpath going up from Pontefract Road to Belle Hill pit, which was said to be in particularly bad state. Mr. Taylor drew special attention to the doings of the contractors for the laying of the tram lines, to their blocking of traffic, carting on the causeway, and breakage of flags; he would like to know what was going to be done when they went down Belle Hill.

Mr. Bulmer also spoke on the license which the contractors were taking, and said that when the rails were laid at Lofthouse the work was almost impossible. The Clerk had written them stating that the Council would not allow blocking of Belle Hill in similar manner, and after the minutes were confirmed it was resolved on the motion of Mr. Taylor, and seconded by Mr. T. Smith, that the Clerk arrange for the County Surveyor and Highway Committee to meeting the contractor's engineer on the road in question.

Health Report. The Medical Officer reported 32 births during the past four weeks (18 males and 14 females), and 25 deaths (13 males and 12 females). In addition to these deaths there had been four in the new workhouse. Four cases of scarlet fever had been notified, 5 of diphtheria and 1 in typhoid. Ten nuisances had been abated, and the sewer in Pontefract Road had been cleared out.

The Supply of Water for the New Workhouse. At a meeting of the Water Committee it was decided that the water be connected with the new workhouse when the Guardians expressed their willingness to pay 1d per 1000 gallons, the price decided by the Committee. The average consumption of water during the month 275 thousand gallons, being about 200 thousand during the same period a year ago. Four down joints and a cracked main had been found and repaired in Belle Hill.

Mr. J. Armitage proposed the confirmation of the minutes, and in reply to a question said he did not see it necessary to have intimations from the Guardians that they were prepared to pay 1d. If they took the water it would have to be paid for, and if they applied for a connection it would be made.

The Chairman said that it had not been for the heavy rainfall the workhouse would not see the reasonableness of paying 1d when Rothwell were getting it at 6d (from private figure it is to be raised to 7d at the end of the year. In view of the important proposals before the district did not the action of the Water Committee appear to suggest a want of confidence.

Mr. J. Armitage thought the Chairman was speaking a little bit off the books. They were offered to put the connection in. In May, he said, and had not replied to the letter, and was not the Committee's fault that the connection was not made. They had a per cent of leakage, and at the price quoted he did not think it would cover all the expense. Mr. Milner drew attention to the scarcity of water at Lofthouse, and Mr. J. Armitage made similar complaint. Mr. Taylor, Mr. Green, Mr. Surveyor, Mr. Armitage, Mr. Pean, and Mr. Dodgson, all agreed that the water was scarce, and that the Committee to call in the services of an expert.

Mr. Abbiham said that his opinion was that when they took the Morley water into the Rothwell High tower and supplied the workhouse it would Lofthouse and Boys Green. The minutes were confirmed and it was agreed that a man be employed to overhaul the service.

MISCELLANEOUS. £1392 17s. 6d. had been received from the County Council on main roads account. The Sanitary Committee had met at Queen Street, Stourton, along with the Medical Officer and had arranged for certain experiments being made so as to obviate the flooding of the low-lying houses. Mr. Blackburn and Mr. Gumble had made application for costs of nurses engaged by them in recent typhoid cases, but there not being a full Committee the matter was left over.

Messrs J. & J. Charlesworth wrote asking for particulars as to the condemnation of several houses in Carr Lane district. Mr. Milner complained about the smells from the drains in Fawson's houses, and asked if the waste water closets had anything to do with the smells. The Medical Officer said the closets certainly smelt badly, but he didn't see they could do anything; they always did smelt this kind of way.

On the recommendation of the Lamps and Gas Committee, it was decided to put two additional lamps in Green Lane, 2 in Daisy Lane, and 2 in Elwell St. It was also decided that lamps be put in the Green Lane, and Queen Street if the Rothwell Gas Light Company would put down the main.

A general district rate at 1s 6d in the £ was laid on the motion of Mr. G. H. Milne, who remarked that the balance in the bank was £2337, half of which amount, however, would be taken in payment of accounts that night passed by the Council.

Mr. Lunn gave notice to propose the adoption of the Free Libraries' Act at the next meeting.

GOVERNMENT INQUIRY. At the Council Office, Rothwell, on Tuesday the 17th instant, a Local Government Inquiry will be held into the Council's proposal to borrow £2,687 for the construction of a new supplementary reservoir at 'Rothwell High'.

PEOPLE'S PICTORIAL SERVICES. There was a good company assembled in the Mechanics' Hall on Sunday evening last, for the pictorial services of the Leeds Pictorial Party, which comprised Miss Bevers, soprano; Miss Ferguson, contralto; Mr. Chadwick, tenor and Mr. Smith, bass. The following was the programme: Opening hymn; Count your blessings; Quartette Party; song, "The Better Land"; Miss Ferguson; song, "Queen of the Mountains"; Mr. Chadwick; quartette, "On the Banks of the Nile"; Miss Bevers; song, "The Little Hero"; Mr. Smith; quartette, "Fierce raged the tempest"; Quartette Party; song, "Tatters"; Miss Ferguson; song, "The Little Hero"; Mr. Smith; duet, "Children's Home"; Miss Bevers & Ferguson; quartette, "The last minutes"; Quartette Party; Doxology. Mr. Chadwick, at the meeting of the above Ward, of Stanley, was the accompanist; the songs were illustrated by over 100 line-light views under the care of Mr. Wright Stead. In the new workhouse, this gave an address in the Temperance Hall.

ROTHWELL WESLEYAN P.S.A. The Rev. R. Whitehead, of Normanton, was the speaker under the presidency of Mr. J. Abbiham, at the meeting of the above on Sunday, his subject being "Church Membership." Mr. A. W. Senior read the Bible lesson and Miss Williams of Wakefield offered solos. There was a fair attendance.

ALL ROTHWELL PEOPLE. All Rothwell people who suffer from backache have a chance to profit by Leeds expert's experience; backache is a little thing, sometimes it comes after a hard day's work or a slight cold. "It will pass off," you say, but it isn't the fault of your back at all—it is your kidneys. The exertion or straining has interfered with their delicate mechanism. You call it backache, but it is kidney ache. If the kidneys are not relieved, chronic disorders will set in, and that is why backache should not be passed over. All Rothwell people who suffer from backache, and other kidney troubles, should read the following:—

Mrs. Jennina Jennings, of 3, Fawcett Street, New Town, Leeds, says:—"I cannot speak too highly of Dr. Doan's Backache Kidney Pills for they have done me a great deal of good. I suffered for nearly eight years from kidney complaint, and cruel pain in my back and across my loins. These were at times so severe that I could hardly bend or stoop at all, and I found it very difficult to do my work. I tried everything I could think of, and had medical advice, but I got no better. Then I read of Dr. Doan's Backache Kidney Pills, and I decided to try them as they were specially recommended for curing bad backs. I procured a box, and I am pleased to say they cured me. I am now able to do my work, and I have no more of that terrible backache." (Signed) Jennina Jennings.

TWO YEARS AFTER.—"It is two years ago," said Mrs. Jennings. "Since I gave the testimonial for Doan's Backache Kidney Pills, and I am pleased to say that I have not had a single day's backache since. I have enjoyed the best of health. There has been no return whatever of the old trouble, for Doan's Pills completely cured me. I have not had a day's backache since, and I am now able to do my work, and I have no more of that terrible backache." (Signed) Jennina Jennings.

If you are ill, write and tell us your symptoms. We shall be pleased to give you the best advice in our power, free of charge. Your name will be kept secret, and you will receive Doan's Backache Kidney Pills at once, and a nice box (six boxes for thirteen shillings and ninepence). Of all chemists and druggists, or posted free on receipt of price by the proprietors, Foster-McClellan, Co., 8, Wells-street, Oxford-street, London, W.

ROTHWELL WHITE ROSE V. ARMLEY CHRIST CHURCH.

The above teams met at Rothwell on Saturday last before an increased attendance of spectators. The home team were without the valuable services of Taylor (captain) and Bratley, both of whom were assisting the Leeds and District Association team versus the Heavy Wootton District Association at Armley. The home team set the ball in motion, Armley being the first to attack. The Whites however showed their opposition by a quick and accurate corner, from which the Churchites gained relief, and made another onslaught on the home side. At the opposite end, Tiffany and Bratley, who were right in the goalmouth. Both custodians were called upon to clear their charges in turn and proved themselves equal to all emergencies. Ward got off with a grand run but was being safely held by the Leeds goalkeeper. The home goal had a narrow escape whilst Baber was out on the ground, when an easy chance was let slip by the ball being kicked on the wrong side. For the Whites, they had a clear chance to score, but failed to utilise the opportunity, the visitors' catch escaping disaster. Rothwell had an unsuccessful corner, and were now playing up a little better. Another side having scored, Armley, when they took play to the home quarters, and attacked strongly. Ward was sent completely off his feet, having run half the length of the field, he sent in a stinging shot which the custodian was rather fortunate in putting round the post. After the corner kick had been taken, half-time was called, neither side having scored. Armley, when they resumed play, they were quickly attacked by the Whites, and were stopped. Jeffries failed kicking wide. Rothwell still maintained the pressure, and on a centre by W. Ward, Robertson scored after a scrum. From the centre kick Armley pressed, being aided by a couple of free kicks and a corner, and they were successful in scoring. They now began very exciting, when Boyes fouled the ball, and a penalty was awarded. Baber, who was the first attempt, but owing to Williams over-stepping the line, the kick was taken, and at the second attempt, the ball found the net. From a free kick Armley continued to attack, and after Baber had cleared his lines finely, the ball eventually found the net again, this reverse put the home team on their mettle and Ward kicked behind from a corner. Time was called with Armley leading by 2 goals to 1. The new recruits, Baber and Ward, had been outstandingly well, and very regular nature. The game was a draw of the two, and missed several chances to score the shooting being wretched.

OSLETON V. ALTOFTS.

A large company of spectators assembled on Osleton Green on Saturday afternoon, to witness the meeting of the above teams. Both sides played good football, the visitors' forwards especially showing some quick movements during the first half. Osleton, however, played the right game and kept up their energy well right through the game. Both sides were without the services of several of their crack men who were playing at Armley. The game was a close and exciting one, honours at the call of time being decided the score being one goal each.

EAST AND WEST YORKSHIRE UNION RAILWAYS.

The official traffic return for the above railway for the week ending Oct. 31st, 1903, is £400, and the return for the corresponding week last year was £470, thus showing a decrease of £70. For the 18 weeks ended Oct. 31st, the return is £2691 against £2622 for the corresponding period last year, an increase of £69.

THE ROTHWELL WATER SUPPLY.

PROPOSED NEW RESERVOIR.
An inquiry was held at the Council Offices,
Rothwell, on Tuesday morning last, by Mr. R.
H. Hickmott, M. Inst. C.E., a local Government
Board Inspector, into the District Council's
application to borrow £2687, for the purpose
of constructing a reservoir of 300,000
gallons capacity, at Rothwell High, on land
adjoining the one already in existence.

There were present besides the Inspector,
Mr. James Arncliffe, chairman of the Water-
works Committee; Mr. J. W. Hemmings; Mr.
Stevenson, medical officer; Mr. Pears, surveyor;
Mr. Moorhouse, sanitary inspector; Mr. Walter E. and Mr. William Richardson, engineers; and Mr. A. W. Hargreaves.

The Clerk, Mr. Hodgson, gave particulars as to population, rateable value &c.

In answer to questions by the Inspector,
Mr. Arncliffe said the present reservoir was
50,000 gallons capacity with a tank storage
for 25,000, and the new one of 300,000
gallons. The new provision was proposed to
be made in order to provide for scarcity, which
had been experienced during summer time,
and to provide storage, which was required
being the Leeds water at times during the
day time caused to flow.

The water supply for the district was derived from two sources, Leeds
Corporation and the Ardsley District Council.
A large quantity from the Leeds source was
taken by the Midland Railway Company before
entering the existing reservoir, which was
built out of a loan borrowed in 1878.

Mr. William Richardson, the engineer, presented
plans of the proposed construction, and in
answer to the Inspector said he was quite
convinced that the amount of loan required
would cover all the expenses. There had been
mining operations in the district but he
did not anticipate that there was any danger
of subsidence. There had been no difficulties
from this cause in regard to the existing reservoir,
and he had now been serving the district
for twenty-five years.

There was no opposition, and the proceedings
lasted about half an hour, after which the
Inspector went to view the site.

PEOPLE'S PICTORIAL SERVICES.
There was a good attendance at the above
services held in the Mechanic's Hall on Sunday
evening last, to hear the Rothwell Temperance
Choir rehearse the service of song, entitled
"Lost Gipsy," which was illustrated with
light-vision, the lantern being in charge of
Mr. Wright Stead. Miss Annie Sidebottom
was the reader. Mr. H. H. Huddershaw, the
conductor, and Mr. M. Smith the conductor.
Songs were rendered by Miss Mabel Seal
"Jesus loves the Children" and Miss Cissy
Huddershaw "O God, be true to me." G. W. Hainsworth
presided over the gathering.

WESLEYAN BAZAAR AT STOURTON.
Stourton Wesleyans are a good-hearted people,
closely wedded to the cause and ready time
again to put hands into the pocket to carry
forward their many enterprising schemes.

It is not many comparatively speaking
since their present chapel, which is an ornament
to the village, was opened, at a cost of
close upon £2,000, independent of the cost of
land. This amount has been cleared with the
exception of about £75, lent by the Manchester
Chapel Committee, free of interest, and an
annual loan is being gradually liquidated by
annual payments of £10. The strain upon the
church to so far discharge their financial
liabilities has had effect on a natural one—upon
the ordinary income for maintenance &c., and
an effort has this week been made to place the
trust and Sunday School funds in a sounder
condition. The varieties of the chapel organ
too are looked upon by many as a reproach
upon so progressive a church, and it is decidedly
odd of keeping with the other modern furniture
belonging to the trust.

References to the time at which the chapel
was opened, and the little incident which
was the occasion of the chapel's opening, called
up lively memory of the occasion. It had been
guilty of, and if the workers do not desire to
have the chapel's opening, the chapel's opening
service of their place of worship, the sooner
their errand is removed and the better. A proportion
of the proceeds of the bazaar, opened at school
on Wednesday afternoon last, is to be devoted
to this worthy object.

The ladies have been busy for months
preparing for this big day, and on the day of the
opening the school-room presented a very
attractive appearance, being very tastefully
decorated and made beautiful to the eye by
neatly arranged and well laden stalls.

The Rev. J. W. Harrison conducted the opening
service. Mr. J. Priestley, the lay agent, offered prayer
and read an appropriate portion of scripture.

The Rev. J. W. Harrison, who had explained the objects of the gathering. He spoke in admiration of the efforts of the workers
in clearing off the chapel debt in so short
a time. The ladies had done a little in the
way of raising money, but the little incident
referred to above, whilst striving to
rid themselves of their burden there had
dropped up a number of little debts which the
bazaar was to face and overcome.

Stourton Wesleyans he believed, that as they
did the deed, and were determined to be
rid of it. £20 was required to put the trustees
in a satisfactory footing, and £20 for the
Sunday School. They had also the purchase
of a new organ in view, the present one being
an eyesore to every one who attended the
chapel. They had only £10 in hand to
towards a new instrument, and he trusted the
nucleus would be greatly increased by their
present effort. He was glad the bazaar was
so greatly appreciated and supported by the
people throughout the district, to whom they
were already greatly indebted.

organist, expressed his sympathy with the

WOODLESFORD WESLEYAN CHAPEL
ANNIVERSARY.

Special services in connection with the
above were held on Sunday last, services being
preached by Mr. Morris of Leeds, morning and
evening, to large congregations. In the afternoon
a service of praise was held, Miss Bailey,
Mrs. Hutchinson, and Mr. Harry Smith, of
Leeds, leading to a crowded audience.

The anniversary was continued on Monday,
when a public tea was provided in the Board
school, under the superintendence of Mrs.
Wicholl, Mrs. Wainwright, Miss Beaumont, Mrs.
Hopkinson, Mrs. Cartwright, and Mrs. Hutchinson.

The annual public meeting took place in the
chapel in the evening, the Rev. J. H. Harris,
conducting the opening devotions and introducing
the chairman, Mr. Hutton, of the Home
Farm, Swellingford, who has joined the Church,
and who with his wife will be an acquisition
to the Woodlesford Society.

Mr. Hutton spoke in a delightful tone, and
gave inspiration to the rest of the meeting.
The Rev. J. H. Harris, in his characteristic
style, and spoke with much hope for the future.

At a meeting of the Amalgamation Committee it was decided that in the event of the extension being granted the Gasliens area

being included in the Hunstret Union area, also press for the township of Austerhorpe be attached to the Union supposing that district is included within the borough. If necessary

Dr. Hawkyard, Mr. Hargreaves and the Clerk were appointed a sub-Committee to act in interests of the Board.

WORKHOUSE VISITING COMMITTEE.
At a meeting of the Visiting Committee a letter was received from the Superintendent of the Workhouse, who proposed the consideration of the minutes, said the inquiry was likely to take place about the 27th January.

ent of the Leeds City Mission stating they spare 2 missionaries for an afternoon week and enquiring if the Guardians are desirous that their services be continued. It was proposed by Mr. Harlow that permission be given on some lines of business. Seconded by

Greenwood and carried unanimously. A letter was received from Mr. A. E. Charlesworth offering to supply the inmates with beer for their dinner on Christmas day. It was proposed by Mr. Seddon that the matter be

ferred to the Board. Seconded by Fath Dillon. An amendment was proposed by M Greenwood that the Board be recommended to respectfully decline the offer. Second by Mr. Harlow. Four voted in favour of the amendment.

The minutes were confirmed.

Mrs Ritchie, of Sheffield, was appointed laundress at the Workhouse.

CRABTREE DOLE.

The yearly distribution of the Crabtree Do was made in the Rothwell Church on St Thomas' Day, at eleven o'clock in the morning by the Vicar of Rothwell and Mr. J. Hira Churchwarden. Mr. John Abbshaw, the representative of the District Council, was also present.

present. Seven names had been removed from the list during the past twelve months, through death, marriage, and change of residence. The amount given to each widow was the same as last year, viz., 7s 4d, owing to severe

fresh names being placed upon the list bringing the number again up to 60. One orphan was also a recipient under the dole. The total amount distributed by the trustees was £2 10s 0d.

SPRAINS AND STIFFNESS.

Treating a sprain such as may befall the wife in the home or the athlete in the field requires a certain amount of care.

Foment the ankle or wrist several times with flannel, soaked in hot water, rub well with Zam-buk, and bandage well so as to promote the absorption of the healing and soothing balsams contained in this valuable embrocation.

A few days' rest and occasional application of Zam-buk will hasten recovery. The stimulating properties of Zam-buk, and its freedom from turpentine and all other doubtful ingredients render it unusually well-adapted

for use in both home and workshop. It is made of rich extracts from certain rare medicinal plants, and imparts tone and strength to the muscles and removes stiffness from the ankles, wrists, arms or other joints. It allays pain, reduces swelling, and soothes inflammation.

LEEDS & DISTRICT ASSOCIATION CUP COMPETITION—FIRST ROUND.

ROTHWELL WHITE ROSE V UPPER ARMLEY CHRIST CHURCH.

The leaders of the Leeds and District Senior League paid a visit to Rothwell on Saturday last, in the first round of the Leeds and District Cup. The visitors came with a very great reputation, not having been defeated this season previous to Saturday, and many anticipated on the form lately shown, as to whether the Rose team were capable of holding their own against such a clever team. The ground was not an ideal one for a cup match, the surface being very hard and lumpy, the players not being able to secure a proper foothold on account of the frost. The Rose team, as expected, and set the ball in motion from the Park end; the home team quickly became dangerous, and scored a goal, the referee's decision being that the ball had gone in. Unfortunately the referee was not in a position to see the infringement. Rothwell still kept up the pressure, when Illingworth sent in a good shot, Shaw clearing finely. Tipper just missed the goal, but would have done so if he had run the ball through. Rothwell had a penalty, the ball being planted in Illingworth's goal, but it was not, unfortunately, taken. The referee's decision was that the ball had been put into the goal by one of the visitors overstepping the penalty area, when Illingworth stepped. The home team still kept pegging at the visitors' goal, when the referee's decision was that the ball had been put into the goal by one of the visitors overstepping the penalty area, when Illingworth stepped. The home team still kept pegging at the visitors' goal, when the referee's decision was that the ball had been put into the goal by one of the visitors overstepping the penalty area, when Illingworth stepped.

OUTLON V. ROTHWELL WHITE STAR.

The noted Starites paid a visit to Outlon on Saturday afternoon last, in the first round of the Leeds and District Cup Competition. The visitors' team had to be reorganised owing to the absence of Truman (goal) and Boys (back), the vacancies being filled by Joe Ward (goal), Smith and Wilson (backs), and J. W. Nunn (centre). The forward rank in place of Round. The game opened in a very determined fashion by the visitors who subjected the Outlon goal to a severe pressure. Butterick and Milfrin with a smart bit of work, led the attack, and the referee's decision was that the ball had gone in. Unfortunately the referee was not in a position to see the infringement. Rothwell still kept up the pressure, when Illingworth sent in a good shot, Shaw clearing finely. Tipper just missed the goal, but would have done so if he had run the ball through. Rothwell had a penalty, the ball being planted in Illingworth's goal, but it was not, unfortunately, taken. The referee's decision was that the ball had been put into the goal by one of the visitors overstepping the penalty area, when Illingworth stepped.

DRAW FOR THE SECOND ROUND.

A meeting of the Committee governing this Competition was held at the Green Dragon Hotel, Leeds, on Wednesday, Mr. O. Tordoff (President) presiding. The principal business related to complaints arising out of the tie in the first round.

The referee, the match between Norton and Woodfield, played on the ground of the latter club, reported that Norton arrived 30 minutes late. It was decided to allow them 10 minutes.

It was reported that the matches between Outlon and Rothwell White Star, and Barncliffe and Barncliffe, had both ended in a draw. It was decided that Outlon and Rothwell White Star should re-play their match on or before Wednesday, January 24th, and that the other game should be re-played on Saturday, January 31st.

Rothwell White Star v. Barncliffe. The result of their match with Beckett Clarence was a win to Rothwell White Star. The referee's decision was that the ball had gone in.

STOURTON UNITED V. HUNSLLET ROTHWELL WHITE ROSE.

In the first round of the Nicholson Cup, the teams met at Stourton on Saturday afternoon last. Chapman kicked off for the Stourton, and the referee's decision was that the ball had gone in.

 OTHWELL WHITE ROSE & NORMA
 TON PARISH CHURCH.

These teams met in the second round of seeds and District Cup Competition, at Bozell, on Saturday last. The day was again a fine exhibition of good football, a strong wind interfering considerably with the play. N

anton winning the toss played with the advantage of the wind, and quickly pressed. The home-esters, however, gradually worked the ball up the field, but had quickly to retire. A few unsuccessful corners play took place.

the home goalmouth, when one of the visitors put the ball into the corner of the net. From the centre kick, the Roseites again got a foothold in the visitors' territory, when the visitors drove them back: another invasion followed.

A good passing took place when Ward's first effort went over the goal bar. Norman's train became dangerous, and had a corner from which Hobson and Jeffries took the ball over the half-way line. Baber soon after saw

very good shot, and half-time was called with visitors leading by 1-0. All the second half, Bothwell were continually on the attack, but their efforts for a time being frustrated owing to all the players on defence keeping close

all out of the field. The efforts of the home-ers were at last rewarded by Taylor equalising the scores. The visitors' custodian saw the very good shots: in the case of two

He stepped back into goal before he fielded the ball, and the referee not being well up, the infringement was not noticed. Bothwell staggered away when one of the visitors handled the ball in front of goal, a penalty being awarded.

; the place was entrusted to Tiffany, who gave the home team the lead. Johnson sent a shot which just missed the net, whilst Tippett added the third goal. A very uninteresting game ended in a win for the home team by

als to 1. The visitors' proved to be one of the roughest teams the Rose men have encountered so far this season; providing it had been a calm day it was quite evident that the Rose men would have run away with the

notifying the fact that the road was a private one.

These posts had been removed, with the result that the road was being used as a highway.

Mr. Taylor thought that the police should be asked to prosecute anyone using the footpath as a highway.

The initiative was confined to Mr. Taylor's suggestion to be acted upon.

HEALTH REPORT.

The Medical Officer reported 45 births during the last week (17 males and 28 females), and 16 deaths (1 male and 15 females).

Also 8 cases of infectious disease, and 1 case of diphtheria (1 at Louthouse 1st at Oulton Road and 1 at Louthouse 2nd at Oulton Road).

The sanitary arrangements at the Louthouse National schools had been re-constructed, and were very satisfactory.

In referring to the Medical Officer's annual report Mr. Turnbull sought to justify the statement he made some months ago to the effect that Stouton was "a veritable death trap."

The fact was that in every direction from Stouton to the Oulton Road, the death rate was high, and was long way below the health of the district.

Mr. Hargreaves thought that Stouton had been a death trap, but he was not sure of it.

He was not sure of it, but he was not sure of it.

He was not sure of it, but he was not sure of it.

satisfactory. A man who brought an unpopulated forward was almost bound to meet with success, and it had been so in his case.

Dr. Stevenson denied in toto that the words were in the report, or that they were discussed at the meeting.

The discussion was a very disorderly one, and the meeting was adjourned.

Wheeler—a smaller and stiffer youth—seemed

to have the advantage of his rival, but—down

his opponent's head, and the ball struck the

top of John O'Gann's ball on the return

journey Wheeler was within three yards of

the goal, at the bottom of the hill. Wheeler

was thirty yards in front, which lead he in-

creased in splendid style up to the finish.

His performance is all the more remarkable

when it is borne in mind that he had the

six miles on his canvas boots was split

the toes and his foot was bleeding profusely.

Cricketers have had a fine time of it and

must have profited by the practice which the

holiday fixtures have afforded. Cyclists have

been enabled to fulfill their programme and

but for punctures and other such minor

inconveniences have had little to interfere with

their progress through the beautiful scenery

of the broad-shouldered fells and further afield.

The weather remained fine though cooler on

Tuesday when the holidays terminated, work

being generally resumed on Wednesday morn-

ing.

ROTHWELL PRIMITIVE METHODIST

SUNDAY SCHOOL.

The second and perhaps the most eagerly

anticipated day set apart for the celebration

of the centenary of the Wesleyan Methodist

Sunday, a bright warm sunny day, favoured

the occasion. The preacher was Mr. Rev. of

Normanton, common, but except in the morn-

ing, there was little time for the ordinary

services, the children in singing and recitation

occupying most of the time. Mr. E. B.

Brady, who had been in the school for some

time, was accompanied on the organ, assisted

by a number of friends who played stringed

instruments. The service was conducted in

both afternoon and evening, and the children

both in the recitals and singing did the school

and themselves credit. The collection of the

day were in advance of those for the preceding

year, amounting to close on 20.

The schoolmaster, Mr. H. P. Newsome, one

of the most successful of the school, demon-

strated which took place on Monday. The

scholars in full number assembled at the school

at noon, and for two or three hours paraded

the principal street and sang their school hymns

to a free tea which was served to all the

scholars in the schoolroom. A public tea

was afterwards provided for the friends, which

was patronised. Mr. Palmer kindly lent his

field on the March for recreation in the evening.

OUZLEWELL GREEN SUNDAY SCHOOL

ANNIVERSARY.

On Sunday last, Mr. Joseph Varley, of

Rothwell, preached Sunday school anniversary

sermons in the Ouzlewell Green Wesleyan

Chapel, there being large numbers of Special

hymns were sung by the children, who were

assisted by Mr. J. A. Hardwick, the accom-

paniments being played by Mr. E. Walker,

assisted by other instrumentalists including

A. Thakral, Mr. A. T. Willoughby, Mr. J.

Marshall, Mr. Cressley and Mr. T. Pearce.

On Monday the school feast took place

when the scholars sang round the village, and

after tea spent the evening in a field lent by

Mr. Cooper, farmer. The collections on

Sunday amounted to 17s 3d and on Monday

2s 11d 10d was collected during the afternoon.

CHAMBERLAIN.—Mrs. Winslow's Soothing Syrup has been used for many years by millions of mothers for their children's coughing, with perfect success. It will relieve the poor little ones immediately. It is pleasant to taste; it produces a natural sleep, it soothes the inflamed membrane, and the child awakes "as bright as a button." Of all Chamberlain's medicines, this is the best.

THE ROTHWELL WATER SUPPLY.
PROPOSED NEW RESERVOIR.

An inquiry was held at the Council Offices, Rothwell, on Tuesday morning last, by Mr. B. H. Richardson, M.P., G.E., a local Government Board Inspector, into the District Council's application to borrow £98,000, for the purpose of constructing a new reservoir, of 300,000 gallons capacity, at Rothwell Highgate, on land adjoining the one already in existence.

The Clerk, Mr. Douglas, gave particulars as to population, rateable value &c.

In answer to questions by the Inspector, Mr. Lewis, who presided, stated that the Corporation had 50,000 gallons capacity with a tank storage for 26,000, and the new one of 300,000 gallons. The new provision was proposed to be made in order to provide for summer time, which had been experienced during summer time, and to provide storage, which was required except the Leeds water at times during the day time caused by flow. The new reservoir would be a stand-by. The water supply for the district was derived from two sources, Leeds Corporation and the Ardsley District Council.

A large quantity from the Leeds source was not used in the summer months, the company being built out of a loan borrowed in 1878.

Mr. William Richardson, the engineer, presented plans of the proposed construction, and in answer to the Inspector said he was quite convinced that the amount of loan asked for would cover all the expenses. There had been misgivings operations in the district but he did not anticipate that there was any danger of a shortage of water. The water was taken from this cause in regard to the existing reservoir, which has now been serving the district for 25 years.

There was no opposition, and the proceedings lasted about half an hour, after which the Inspector went to view the site.

PEOPLE'S PICTORIAL SERVICES.

There was a good attendance at the above services held in the Mechanics' Hall on Sunday evening last, to hear the Illustrated Temperance Choir under the service of song.

The choir, which was illustrated with "Lullaby," the latter being in charge of Mr. Wright. The choir was composed of the following:—Mrs. Annie Siddons, Mrs. W. H. Ward, the soprano, and Mr. M. Smith, the conductor. Soloists were Mrs. Mabel Siddons, "Jesus loves the Children," and Miss Grace Bray—"God is Good." Mr. G. W. Halloworth presided over the gathering.

WESLEYAN BAZAAR AT STOURTON.

Stourton Wesleyans are a go-ahead people, slowly wedded to the cause and ready time and again to put hands into their pockets to carry forward their many enterprising schemes.

It is not many years comparatively speaking since their present chapel, which is an ornament to the village, was started at a cost of close upon £2,000, independent of the cost of this amount has been cleared with the exception of about £200 lent by the Manchester Chapel Committee free of interest, and this small loan is being gradually repaid by annual payments of £10. The strain upon the church to so far discharge their financial liabilities has had effect—a natural one—upon the ordinary income for maintenance &c., and an effort has this week been made to place the trust and Sunday School funds in a sounder condition. The varied nature of the chapel organ is looked upon by many as a reproach upon its progressive church, and it is decidedly out of keeping with the other modern features belonging to the trust. Reference to the "jibbing" propensities of this requisite adjunct at the opening ceremony, called up lively memories of incidents that have been guilty of, and if the workers do not desire to secure unenviable notoriety for the musical service of their place, they will be glad to see this errand instrument removed and the better. A proportion of the proceeds of the three-day bazaar, opened in the evening, on Wednesday afternoon last, is to be devoted to this worthy object.

The ladies have been busy for months preparing for this big effort, and on the day of the opening the school-room presented a very attractive appearance, being very tastefully decorated and well supplied with the very neatly arranged and well laden stalls. The Rev. J. W. Harrison conducted the opening ceremony.

Mr. J. Priestley, the lay agent, offered prayer and read an appropriate portion of scripture. The bazaar secretary, Mr. F. H. Harrison, explained the objects of the gathering. He explained the objects of the gathering. He explained the objects of the gathering.

His explanation of the objects of the gathering was in admiration of the efforts of the workers in clearing the chapel of the old organ. He explained the objects of the gathering.

ROTHWELL CRICKET CLUB ANNUAL MEETING.

About a dozen members assembled in the National School, on Wednesday evening last, at the above meeting being presided over by Mr. J. Harrison and the Rev. W. B. Pearson.

The minutes of the last general meeting were adopted as read.

The Chairman read the following report which had been forwarded by Mr. Drew:—
"Although I am unable to be present with you, I give me great pleasure to submit to you my second annual report. When I handed my resignation to your Committee, I was requested to continue as Secretary to the end of the season, and I must thank your handymen, Mr. Sunderland, and Mr. T. Parker for their valuable assistance to me in continuing the duties. The season was on the whole successful, but we suffered through the very changeable weather; the fixtures with Woodlesford, Rothwell and Pontefract had to be cancelled. I am pleased at the revival of interest taken in the fixtures by the public, and now that your Committee have decided to join the Wakefield and District League it will be hoped the interest and support will be greatly increased. The season would prove very beneficial to the game in the district; a trophy is to be put up for competition for both first and second teams. It is to be hoped the rivalry will not lead to unpleasantness, as was witnessed in one of our local fixtures this season. The fixtures are already arranged and I shall look forward to our team doing a good account of themselves in the competition. Our first Annual Sports were spoiled by rain. I am sure our hearty thanks are due to Mr. Albert Denton, who came forward so willingly and carried out the arduous duties of sports secretary. It is with regret that we have to say to a loss we have sustained through the death of Mr. W. R. Fox. He always had the welfare of the club at heart, and it was only his falling illness that compelled him to resign his seat on the Committee. Our deepest sympathy is extended to Mrs. Fox in her great bereavement. Our team gave promise of a successful career in the cup-ties but after early vanquishing Mappell, our players gave a disappointing display in their match with old rivals from Lofthouse. Next season we are again drawn to meet our neighbours, and we shall look forward to our team making amends for this year's failure. The first eleven have played 17 matches, of which 6 were won, 3 were drawn and 8 lost. The aggregate runs scored by the team were 1,161 runs for the disposal of 145 batsmen, giving them an average of 8.00 runs per wicket. Our team was well supported by our only Messrs Sampson, Collins and Taylor average double figures. Mr. Sampson was a great acquisition to the team. He exceeded his reputation by carrying off the batting honours with an average of 34.71 runs. Mr. H. W. Waterhouse carried off the bowling prize with an average of 6.73 for 41 wickets. After a close fight with Messrs Sampson and Morgan, Sampson is credited with the highest individual score viz—57 not out against Oulton. He exceeded the century on 4 occasions, and our opponents twice put the three figures. There has been a marked improvement in our batting, which has performed very creditably behind the stumps. 52 catches have been accepted, as against 32 the previous season. The bowling has been the successful feature—W. Bedford 12, J. H. Drew 6, T. Taylor 2, B. Dobson 5 each. T. Collins 4, H. Woodhead 4, and J. Lunn 2 each. Sampson and J. Lunn 2 each. J. Newton, W. Fox, R. McCullough, B. Moss, G. Woodhead, H. W. Waterhouse, B. Duck each 1. The second eleven played 12 matches, won 7, drawn 1, lost 4. They have scored 1010 runs for the loss of 105 wickets, or an average of 9.62 runs per wicket. Their opponents have scored 865 runs for the loss of 112 wickets, giving them an average of 7.72 runs. The highest individual score was by Oulton viz—229 and the lowest when against South 24. They have topped the second century once and twice exceeded the century. The highest score by their opponents was 130 by Woodlesford, and the lowest by Alofta viz—57. Mr. Walter Fox carries away the batting prize, while Mr. G. Woodhead finishes a good second, with average of 24 and 23 respectively; very credit due to these young players from the Parish Church Club. Mr. Woodhead has the honour of the highest individual score viz—59 against Oulton. Mr. J. Lunn has also done well for the capture of 21 wickets is the successful one in the bowling department. 41 catches have been taken by the team. The following are the batting averages:—
T. Seaton 9, J. Taylor 8, T. Bedford 4, B. Dobson 5, J. H. Drew 6, W. Woodhead 4, J. Lunn 2 each. M. Trueman 4, Woodhead, W. Spurr and T. Parker one each.

OULTON v. MIRFIELD UNITED.

It was most regrettable that the weather on Saturday afternoon last was so foggy and

unfavourable comfortable witness of the passing winter pastime, the threatening of an extreme cold keeping many indoors who otherwise would have turned out to follow their favourites. The match on Oulton Green was an important one, Mirfield, the visitors, holding the third position in the West Yorkshire League table, to Oulton second and Bradford City Reserves first. There was consequently an unusual amount of interest in that Saturday's game, and on recent form there was little to suggest on which side victory might be expected to rest. Notwithstanding

wretched climatic conditions, however, a very respectable crowd lined the enclosure. As hostilities commenced, the visitors having an indifferent representation. The opening play was sharp and well balanced. Midfield was especially quick in the front line, completely overcoming the home defence.

After late kicks and getting in some very dangerous kicks at goal, which but for the smart work of the Gulton custodian would have been disastrous. Jarman in these cornered onslaughts was the leading spirit and his efforts in lighting the shots with which the Gulton custodian was so busy, were striking the post or going a few inches wide. The homesters were also all alive to their opportunities and several times placed the Mirfield goal in jeopardy, the scramble in a corner kick nearly resulting in a goal for the home side, but Mitchell, who was really good, the ball safely away. Wright, before half time indulged in a tricky dribble and by that means located play within a yard of the Mirfield goal, where a regular scrimmage took place, Wright finally putting away, amid wild excitement. This was the only goal that had been in. In the second half the Gulton continued their superiority and put on two more goals, the score at the end being Gulton 3 and Mirfield United 0.

ROTHWELL WHITE ROSE v.
ACTON HALL (FEATHERSTONE).

An ordinary match between the above was played at Rothwell, on Saturday last, in very foggy weather. The home-players had absentees, Jeffries and W. Ward, the places being taken by Blacker, C. Kendrew and W. Taylor. The game ended in favour of the home-players, 3 goals to nil. The goals were scored by Taylor 2 and Horsfield 1.

**ROTHWELL PARISH CHURCH v
HUNSLET WESLEY MISSION.**

The senior league encounter between the two teams was witnessed at Hunslet on Sunday last. The Parish team were with

services of Woodhead and Hirst, the chances being filled by Illingworth and Atkinson. The visitors winning the toss decided to put on a low ball, and the game had not been in progress very long before Illingworth opened the batting, and was followed by another from the bowler. The first wicket fell to the bowler of Hayes, whilst two more were disallowed. The visitors did most of the pressing, and were only being called on one occasion to handle the ball. In the second half, Naylor scored the first runs, and the visitors whilst just before the game was over, the homesters scored in semi-darkness. The game ended in a win for Rothwell by 10 runs to 1.

**OTHWELL WHITE STAR v. ARMLEY
TEMPERANCE.**

The Starites paid a visit to Armley in the Junior League on Saturday last, with a very poor team, and consequently were defeated by 2 goals to nil. Ward conceded the first goal for the homesters, this being the first time that he has won this season.

MIDDLETON v. HUNSLET WESLEYA

This League encounter took place at Middleton on Saturday and resulted in a win for Hunslet Wesleyan by 2 goals to 1. The scorers were—

LEEDS CAMERONS v STOUGHTON UNITED.

The Leeds league match between the above teams was abandoned owing to fog on Saturday, after the Camerons had scored three goals. Visitors who are at present heavily handicapped by the absence of players failed to penetrate the home defence.

BOTHWELL WORKING MEN'S CLUB.

On Sunday evening last, Mr. F. Abbot, president, presided over a good company who had assembled to hear Mr. G. Robb give an address on "Working Men's clubs and their mission and good." The speaker after dealing with pre-historic club life in Athens and other places, touched on modern life

oting instances of well-known statesmen, authors, scientists, and others, who assembled together for mutual advantage and fellowship. Their mission should be for the up-lifting of their fellow-men by providing good sound

ture, music, lectures, &c. He urged the members to co-operate together, keep the club free from party politics, and mutually work for the advancement of each other. At this time, Mr. F. Hargreaves proposed, and Mr.

Harrison seconded, a vote of thanks to the speaker, which was carried; the response of Mr. Robey and a vote of thanks to the chairman concluding the proceedings.

The official trade return for the above period shows that the gross receipts may for the week ending Dec. 5th, 1901, were £2469, the amount during the corresponding week last year was £441, thus showing an increase of £2028. For the 23 weeks ended Dec. 5th, the return is £9216 against £2870 for the corresponding period last year, an increase of £6346.

We understand the Board of Trade Inspector has gone over the line this week and that he approved subject to several small matters the proposed alterations. Passenger trains may be run at 10.15 a.m. and 4.15 p.m. and may be intended to be run in a week or so.

Although the lectures given last season in connection with this society were so remarkably good, none can be said to have equalled the one given by the Rev. C. C. Marshall, vicar of Hirthall, on "Across Canada,"

"Across Canada." Mr. Marshall was, of course, a Canadian, and, as the lecturer, he was in a position to give the audience a most interesting and valuable insight into the life of the country from him, as the lecturer was really a talk on travels that he had been fortunate enough to make in his own country.

Canada is a very rich in minerals, and, especially, in timber and coal. The population of 5 million, over one fifth are French. Mr. Marshall started his journey from Montreal and travelled through the country for over 4000 miles which was completed in 5 weeks. The whole travel took five and a half days.

Winnipeg, the next place of interest, is the great prairie town, called so by its being built on a prairie. It is a very striking picture of the Rocky Mountains. It is a very striking picture of the Rocky Mountains. It is a very striking picture of the Rocky Mountains. It is a very striking picture of the Rocky Mountains.

Horse Pass, whilst the most interesting place of the trip, is the Glacier House Station, where the railway is built.

from the bridge. From here you pass to the left, and follow the road to the station where the railway ends. Vancouver is a really splendid city. Up in the North are the dwellings of the ranchers, and the bluff-men where the Indians are going to be exterminated. Civilization. Mr. Marshall concluded a fine lecture by a few anecdotes of his travels. The president complimented Mr. Marshall on his lecture, and Mr. Marshall said that he had greatly benefited by his visit. Mr. Pemberton remarked how very entertaining the lecture had been, and how vastly different from the lectures he had heard in the States. He proposed that a vote of thanks be accorded Mr. Marshall. In seconding the vote, Mr. Telley congratulated Mr. Marshall, and pointed out that he had been very successful in his lecture. Mr. Marshall's views and anecdotes being most fascinating. Mr. Marshall thanked the society for the good reception they had given him.

THE MARTINIQUE Eruption.

Accruing, chief of the commission sent out by Académie des Sciences, Paris, to investigate the eruption of the volcano of Martinique, reports that as regards the opinion of Mont Pelée there was a section or strata which living beings were asphyxiated, their bodies carbonized. This section was divided by two other sections, wherein animals were asphyxiated, but not carbonized. It seems, therefore, that an immense discharge or dissemination of asphyxiocent gas took place. What nature the gas was? As Reichardt, the chemist, thinks it was hydrogen. If so, the

mensters, however, gradually retired to the field, but had quickly to the aid. At the same time the home gnomes, when one of the visitors came the hall into the corner of the net. For centre kick, the Roelsters again got a following. The visitors were not so much as the home men back; another invasion followed, and the game passing took place when Ward's men were sent over the top. The visitors were not so dangerous, and had a corner, which Hobson and Jeffries took after the half-hour time. Baber soon after sent a goal, and the visitors were called by the visitors leading by 1-0. All the second half, both were continually on the attack, and made efforts for a time to break the other's defence. The visitors were keeping close to the goal and to the visitors frequently striking it all out of the field. The efforts of the visitors were good, but in the end the home men scored the scores. The visitors' custodian also made very good shots; in the case of two he stepped back into goal, and in the case of one he was not being well up, but the goal was not noticed. Both sides were engaged away when one of the visitors handled the ball, and the home men were called by the place was entrusted to Tiffany, who are the home men's lead. Johnson was the visitors' custodian, but just missed the goal. A very interesting game ended in a win for the home men by 2-1. The visitors' proved to be one of the best of the season, and the home men were called to the aid on a calm day it was quite evident that the home men would have run away with the visitors.

OUTLON V. FARLEY IRONWORKS.

Half a gala blew across the Outlon Green after a fine afternoon, when the home team played the visitors. The visitors were not so much as the home men back; another invasion followed, and the game passing took place when Ward's men were sent over the top. From the kick off it was an almost continual bombardment of the Farney goal by the Oultwards, who in the first half played with triumph. The visitors were more than lucky in their defence, for repeated shots by the home forwards went wide or were cleverly dealt with by the Farney custodian. Wright essayed frequently to find a way to the net but the visitors interfered with correct shooting, and it was

Mamma: "Freddie, you shouldn't hold the cat up by the tail." Freddie: "But it isn't safe to hold him by anything else, mummy!"

"I heard you congratulating Mr. Scribbler on his short stories. What on earth do you find in them to admire?" "Their shortness."

He: "My views on bringing up a family—" She: "None of your business! I'll bring up the family—you go and bring up the coal."

"Yes; she admits that she had implicit faith in him when she married him." "Well?" "Well, he insists now that marriage is a faith cure."

"I hear your son is reading law." "No, sir. It's

"Who can tell me the meaning of *leisure*?" asked the teacher. "It's a place where married people spent," replied the boy at the foot of the class.

Passenger: "I don't see why you fellows can't all out the stations plainer." Guard: "My dear s, we are train guards, not trained elocutionists." He (who has offended her): "Won't you look at me?" She: "If I did you'd kiss me again." He: "No, honest, I won't." She: "Then what's the use?" He: "Precious, I'd you give me this beautiful murella because you love me?" She: "No, darling; gave it to you because I am tired of lending you mine."

Butcher: "What can I do for you, mum?" "Young life (trying to give herself the air of a veteran): "One pound of beef sausage, but without bone, please!"

"Have you any idea, sir, how much it costs to support my daughter?" "Good heavens, no! If I allowed that to prey on my mind I wouldn't marry her at all."

Mrs. Oldtime: "Yes, these candlesticks are a hundred years old, this pitcher two hundred." Mrs. Oldtime (bi-ri-ly): "And even the hat I have on me is five ye- old!"

Biggs: "He never lights one of his cigars. Just keeps it in his mouth and chews the end. I've often wondered why." You: "You wouldn't if you had ever smoked one of them."

Biggs: "Yes, sir; and sad case. Man who built this cause of mine just got it finished when he died."

Thigb: "Well, it might have been worse. He light have had to live in it."

Poeticus: "Have you read Shakespeare's 'Love's Labour's Lost?'"

Cynicus: "No; but I've taken a trip to the theatre, and had her talk to the man who'll direct the show."

Post: "Good news, dear. That poem of mine—" is Wife: "Has someone accepted it at last?" Post: "No, but I heard to-day of a new magazine that I haven't yet submitted it to."

"Didn't I tell you to let well enough alone?" said the doctor to convalescent, who had disbelieved and was suffering a relapse. "Yes, doctor," whined the patient, "but I wasn't well enough."

Mrs. Gabbler: "I don't know what ailed me. I hit a strange twinge, and then I didn't feel a bit like myself. I couldn't speak a word." Uncle

Man: "No wonder you were frightened."

He: "Let's get married on Friday." She: "Oh, never! Friday, you know, is—." He: "Yes, I know it's unlucky; but then, if our marriage can't turn out well we shall always have something to blame it on."

"Look here," said old Mr. Winders, angrily, "your porter promised to print all I said at the banquet last night." "Well?" replied the editor. "Well, I printed only a few lines, although my speech is quite a long effort." "Yes, but you didn't say much."

HINTS FOR THE HOME.

Essence of cinnamon destroys microbes as effectively as carbolic sublimite.

Skins bananas for dessert are improved by pouring over them the juice from oranges, or grapefruit.

Mattress will lie much more smoothly if sewed into a carpet than when tacked down, as is frequently done.

Sooty photographs may be cleaned by giving soap & cold water, and dried by laying them flat down on a very soft cloth and pressing the backs with the palm of the hand. The white marks should be rubbed with salt bread-crumbs.

TEN HEALTH RULES.

1. Don't leave your rooms in the morning with an empty stomach.
2. Never expose yourself to cold air immediately after you have partaken of a warm liquid of any kind.
3. Don't leave your warm alone in cold weather without warm wraps around your shoulders and breast.
4. Begin respiring on the cold by breathing through the nose. This will give the air a chance to warm before it gets to the lungs.
5. Don't stand before an open window or take a cold in an open carriage.
6. Don't remain in a warm room, and then suddenly go out in the cold.
7. Talk only when you must, for the cold often comes in through the mouth.
8. Don't put off your regular bath. When the skin is not kept fresh and soft, the cold draws the blood to the surface, and you are more liable to catch the pulmonary troubles of all kinds.
9. Don't eat too much of the cold food. Nothing prevents sleep with so much certainty as the action of your good digestion.
10. Don't eat too much of the cold food.

WEST YORKSHIRE LEAGUE.

A monthly meeting of the executive of the West Yorkshire League was held on Wednesday night at the Green Dragon Hotel, Leeds.

Huddersfield were expressing regret at their inability to send a team to Althwa last night, this being due to the fact that half the team was down with sickness of one sort or another.

The Committee decided that the two clubs should arrange the fixture before the next meeting of the League Committee.

The following appointments were made: Huddersfield v. Bradford City Reserves. Mr. Denton, Bradford.

Althwa v. Rothwell White Rose. Mr. Garner, Bradford.

Huddersfield v. Upper Armley Christ Church. Mr. Whitelhouse, Dewsbury.

Beeston Hill White Rose v. Oulton. Mr. Norman, Bradford.

The Rothwell Parish Church eleven are a set of players who this year are not to be lightly passed over by those calculating the final result for the league and cup tie into which this comparatively young organization are this year entered.

On Saturday last they paid a visit to Hesp Lane to play the Association representative of the railway villages, and were supported by a numerous and enthusiastic body of followers, and favoured by fine weather.

The local team, might in all probabilities have been upset winners by counting seniority and long experience, and were generally given to such conclusion by the fact that the Woodlesford end put in a brace of a few "strag" who last year settled in the Rothwell White Rose.

The fine form, however, in which the Parish team this year find themselves, the remembrance of last year's defeat, and the fact that the eleven and the most work of which we know some of their players are capable, left the result a speculation for many favourable to the visiting team.

From the kick off the Parish had made most of the play and it was soon evident that Woodlesford would have to put in their best behaviour if the visitors were to be denied taking liberties with the area between the sticks.

The Rothwell front line was splendidly together and at times it was almost impossible to get the ball between the posts, amidst applause from the visitors' supporters.

From the rest of the Rothwell eleven, the level of the ball was high, and the players played a sound and reliable defence, and frequently again gave their forwards opportunities of attack.

Hayes, when play was thus taking place well up to the house end, being suddenly away with the ball and was successful in again counting. The same play-ers were afterwards had in the same way, and Woodhead immediately followed with a splendid run which Trammor was unable to stop.

At half-time, the score was Rothwell Parish Church 2, Woodlesford 0. In the second half, the visitors were again in the lead, and the visitors were again in the lead, and the visitors were again in the lead.

ARE YOU INSURED AGAINST FIRE?

To the Editors of the Rothwell Times.

Dear Sirs,

The calendar contains a reminder that on the 29th. Sept. the premium for fire insurance becomes due.

At this event appears to be of sufficient importance to merit a place in the calendar, may I call attention to one of two facts which are not generally understood.

Although of very great moment to those concerned, it is therefore first, to the extent of a total loss of his goods, amount to a particular sum, and pay a premium accordingly.

But although the office accepts this premium, and issues a policy for the sum insured, the office does not admit that the insured's goods are insured, until the office has received the premium, and issued a policy for the sum insured.

It is not until after a fire that the office has received the premium, and issued a policy for the sum insured, that the insured's goods are insured.

It is not until after a fire that the office has received the premium, and issued a policy for the sum insured, that the insured's goods are insured.

CONTINUED HOSPITALITY OF THE
CHAIRMAN.

Are due to the Chairman of our Guardians' Board,
Who is donor of this splendid feast.
So I think I'd better go, better go,
For I've sung you all I know, all I know,
And where'er our lives are spent, may this
wonderful event,
With the wishes so kind, never fade from our mind
When we go.
Mr. R. Blakeborough, of Stockton, a reciter
